

### DIRECTIONS

THE ONLY  
 PROVEN  
 METHOD OF KILLING AND GETTING RID OF  
 ALL CRAWLING INSECTS  
 IN YOUR HOUSE AND HOMES  
 WITH ONE APPLICATION FOR  
 ALL CRAWLING INSECTS

**RE-ENTRY:** Apply thoroughly to infested areas and other hiding or nesting places. Spray a limited amount of exposed surface areas reaches will crawl over it when they are out of hiding. Repeat applications as needed.

**SILVER FISH:** Apply as for roaches but in addition treat baseboards, areas behind shelves, bookcases and storage areas.

**BROWN DOG TICKS IN PREMISES** Spray under baseboards, window and door frames, wall cracks, and sleeping quarters of household pets. The frequency of application should depend on the source and the intensity of infestation. Fresh bedding should be changed in animal quarters following the spraying. **DO NOT APPLY DIRECTLY OR INDIRECTLY TO ANIMALS.**

**CARPET BEETLES IN PREMISES** Spray carpet areas of the premises baseboards, under the carpet and other material into which they penetrate. Seal areas where carpeting is pulled BUT DO NOT APPLY TO LARGE AREAS OF THE CARPET. Spray in cracks and crevices baseboards and under the carpet. Applications should be made every 2-3 weeks.

### DIRECTIONS

4.7.5 Sweep, under and around door

# CHLORDAN 2

# NOVA PRODUCTS, INC.

**Kansas City, Kansas 66119**

sills and window frames where the gas may enter the premises. Spray foam on around water taps, heat ducts, and air outlets and baseboards. Repeat applications as often as needed.

Flies, gnats, mosquitoes, and the treatment of outdoors selected outside portions of dwellings, as around windows, doors and screens, walls and ceilings or porches and out buildings other than dairy barns and poultry houses will help control these insects. Fly populations and gnats are best reduced by spraying the outside places where they breed.

### CAUTION

Repeated or prolonged contact with skin can cause toxic symptoms. Avoid inhalation or skin contact. In case of spillage on the skin, wash with soap and water. Avoid contamination of feed and foodstuffs. Harmful if swallowed. Keep out of the reach of children. Do not use in commercial food preparation areas or in edible products areas of processing plants.

Do not spray into or near fire or open flame.  
Do not smoke while spraying.

This product is toxic to fish and wildlife. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

## ANTIDOTE

INTERNAL: Call a physician immediately.  
Administer emetic if mustard.  
EXTERNAL: In case of spillage on skin or  
clothing wash AT ONCE with soap and  
water.
