**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION

Do not use on Dairy Animals.

ENVIRONMENTAL HAZARDS.

Environmental Hazards: This product is highly toxic to aquatic life. Do not apply to water bodies. Do not apply to areas where water is used for drinking purposes. Do not apply to areas where water is used for irrigation purposes. Do not apply to areas where water is used for domestic purposes. Do not apply to areas where water is used for industrial purposes. Do not apply to areas where water is used for agricultural purposes. Do not apply to areas where water is used for other purposes.

PHYSICAL OR CHEMICAL HAZARDS

DO NOT use or store near heat and open flame.

STATEMENT OF PRACTICAL TREATMENT

- On skin:** Get a physician immediately. Get a large amount of material washed off. DO NOT induce vomiting unless other treatment is not available. Vomiting may cause respiratory depression. If it is necessary to induce vomiting, give carbon and/or two glasses of water and run finger or back of throat. Repeat until vomit is clear. Do not induce vomiting or give anything by mouth to an unconscious person.
- On clothes:** Remove victim to fresh air. Apply respiration if indicated.
- On face:** Wash immediately with soap and water.
- On eyes:** Flush eyes for at least 15 minutes with water. Call a physician should you get strong pain, get prompt medical aid. Open a conjunctival space.

NET CONTENTS _____ GALLON

MALATHION

**MALATHION-METHOXYCHLOR
CATTLE BACKRUBBER CONCENTRATE**

ACTIVE INGREDIENTS

- Malathion
- Methoxychlor, Technical
- Aromatic Petroleum Derivative Solvent

INERT INGREDIENTS

- TOTAL
- 0,0 dimethyl phosphorodithioate of diethyl mercaptosuccinate
- Equivalent to 8.8% 2,2 bis (4-methoxyphenyl) 1,1,1 trichloroethane or other isomers and related compounds.

THIS PRODUCT CONTAINS .782 LBS OF MALATHION PER GALLON
THIS PRODUCT CONTAINS .782 LBS OF METHOXYCHLOR PER GALLON

KEEP OUT OF REACH OF CHILDREN

CAUTION

See label panels for additional precautionary statements

ACCEPTED
JUL 10 1989
Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registration under EPA Reg. No. 3624-144

DIRECTIONS FOR USE

To aid in reducing face flies and horn flies on beef cattle. Dilute one gallon of concentrate with six gallons of kerosene or No. 1 Diesel oil. Do not use on Dairy Animals. Do not contaminate food or feed-stuffs. It is necessary to dilute this product before placing it in the insecticide applicator, cattle oiler reservoir, saturating cloth, berlan, cotton, felt or oiler bags. The oiler should be located where cattle loaf or congregate so that they may have access to it at all times, and placed in such a manner that beef cattle can rub their faces.

STORAGE AND PRECAUTIONS

STORAGE: Store in a cool, dry place. Do not store in areas where children or animals can access. Do not store in areas where food or feed is stored. Do not store in areas where water is used for drinking purposes. Do not store in areas where water is used for irrigation purposes. Do not store in areas where water is used for domestic purposes. Do not store in areas where water is used for industrial purposes. Do not store in areas where water is used for agricultural purposes. Do not store in areas where water is used for other purposes.

WARRANTY STATEMENT

The manufacturer warrants that the product conforms to the label and that it is effective against the insects named on the label. The manufacturer does not warrant the product for any other use or for any other insect. The manufacturer's liability for any other use or for any other insect is limited to the extent of the product.
