NOVA PRODUCTS, INC.

800 HICKORY • KANSAS CITY MO 64101

GENERAL:

Spray surface to wetting. Point spray away from animals, people, and plants. Do not use as a spot spray. Use only for spot treatment and crack and crevice application.

FOR SPOT TREATMENT:

To Kill Ants, Roaches, Crickets, Silverfish, Sawbugs, Spiders and Earwigs: Spray into cracks, crevices around baseboards and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sink, stove, and around and under appliances. Contact directly as many insects as possible. For ants, spray directly into paths which they enter premises. Repeat as necessary for control.

To Kill Brown Dog Ticks and fleas: Remove and destroy old bedding. Spray sleeping quarters of pets, around baseboards, window and door frames, wall cracks and floor areas of floors. Repeat as necessary. Fresh bedding should be placed in animal quarters after spray has dried. Do not spray animals. To control the source of your ticks, tick dogs treat with product registered for application to animals.

To Kill Carpet Beetles and Dermestids: Spray along baseboards, edge of carpeting, under carpets and rugs, under furniture in closets, on stairs, and in other places of harborage. Repeat as necessary.

FOR CRACK and CREVICE — APPLY AS FOLLOWS

To Kill Ants, Roaches, Crickets, Silverfish, Sawbugs, Spiders, Earwigs, Brown Dog Ticks, Fleas, Carpet Beetles, and Dermestids: Application Within Filled Standing Establishments (Flora Only) Than Private Residences in Which Food is Held, Processed, Prepared or Served, Including But Not Limited to Restaurants, Grocers, Stores, Bakeries, Butting Plants, Coneries and Grain Mills. Use as a spot treatment to control ants, roaches, crickets, silverfish, sawbugs, spiders, earwigs, brown dog ticks, fleas, carpet beetles, and dermestids in and around built up and non food areas by application in small amounts to areas where insects are suspected of harboring or suspected of hiding.

Apply only enough spray to thoroughly cover the surface treated. Using special care to avoid unnecessary runoff. Spot treatment may encompass crack and crevice treatment by applying small amounts of material directly into openings leading to voids and hollow spaces in walls, equipment legs and bases or which occur at joints between different elements of construction or between equipment and floors.

Application of this product in food areas of food handling establishments other than as a crack and crevice and spot treatment is not permitted.
