DATE OF ISSUANCE

December 7, 1971

NAME OF ECONOMIC POISON

OXFORD D'GERM DISINFECTANT TOILET-
URINAL CLEANERNOTICE OF REGISTRATION UNDER THE FEDERAL
INSECTICIDE, FUNGICIDE, AND RODENTICIDE ACT

NAME AND ADDRESS OF REGISTRANT

Oxford Chemicals
Div. Consolidated Foods Corp.
Post Office Box 80202
Atlanta, Georgia 30341

NOTE: Changes in labeling or formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Pesticides Regulation Division prior to use of the label in interstate commerce. In any correspondence on this product always refer to the above registration number.

On the basis of the information furnished by the registrant, the above named economic poison is hereby registered under Section 4 of the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this registration is returned herewith.

Registration in no way to be construed as an endorsement or approval of this product by this Department. In order to protect the public, the Secretary, on his own motion, may at any time cancel the registration of an economic poison in accordance with section 4 (c) of the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by a trademark held by others.

The following paragraphs are applicable only when checked:

- ☐ To expedite registration, this notice is being issued on the basis of the draft submitted with the application. Certain defects, noted below, have been noted. These corrections must be incorporated when the printed labeling is prepared. Five copies of the printed labeling must be submitted to complete the file on this product.
- ☐ The registration for this product is being issued with the understanding that certain defects in the labeling which are noted below will be corrected as soon as possible. Objection is not raised to the use of the present labeling for a reasonable period of time while fully corrected labeling is being prepared. Five copies of the corrected labeling must be submitted.

Submit five copies of the finished colored screen labels for our files.

☐ Attachment is applicable.

DIRECTIONS

For Toilets — It is not necessary to remove the water from the bowl.

One (1) ounce is sufficient to remove soils, rust, lime, scale and uric deposits, disinfect and deodorize.

Open flip cap, invert bottle and with light pressure, direct stream completely around underneath side of toilet bowl rim. Allow at least 10 minutes contact time for surface to be cleaned and disinfected. Wet bowl mop in solution and scrub all surfaces including seat and lid. Rinse. Repeat application for cleaning heavily encrusted deposits.

On solid porcelain urinals — Place bowl mop over drain. Add enough water to make a solution and follow the same procedure as for toilet bowls. D'Germ Disinfectant will not damage solid porcelain china or vitreous ware.

Shower Stalls — Glazed or other ceramic tile and grouting may be cleaned without damage. Use one ounce in a gallon of water, allow 10 minutes contact time for surface to be cleaned and disinfected, rinse thoroughly.

D'Germ Disinfectant may be used on most metals (including aluminum and stainless steel) at 1 ounce per gallon of water. Rinse thoroughly. On chrome or porcelain enamel, dilute 1 part to 4 parts of water and allow only a few moments contact time. Rinse well with water. Do not use on chipped or cracked surfaces of these materials. Septic tanks will not be affected.

DANGER

CORROSIVE: May be fatal if swallowed. Do not breathe vapor or fumes. Produces chemical burns. Do not get in eyes, on skin or on clothing.

ANTIDOTE: Internal — Call a physician immediately. Drink a teaspoonful or more of magnesia, chalk or small pieces of soap, softened with water in milk or raw egg white. External — Eyes — wash with water for 15 minutes. Get prompt medical attention. Skin — Wipe off the acid gently, immediately flood the surface with water, using soap freely, then cover with moist magnesia or baking soda.

DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.

Rinse empty container thoroughly with water and discard it.
