NET CONTENTS \_\_\_\_\_ GALLONS

**MOTHS** - Spray inside closets, chests, or places where clothes are stored. Spray clothing & fabrics with sprayer nozzle about 48" from material. Repeat every month.

**ROACHES, ANTS** - Spray directly on roaches & ants whenever possible. Also spray in and around places where they lay eggs, closets, sinks, toilets, cupboards. Try to get spray in cracks & crevices. The treatment of roaches requires repeated applications. The treatment for ants requires repeated applications, if necessary. It is of particular importance to treat ant trails & areas around door sill & window frames where the ants enter the premises.

**BEDBUGS, FLEAS** - Spray beds, mattresses, springs, walls, baseboards, getting spray well into cracks & crevices. Spray as often as necessary & use spray freely.

**SILVERFISH** - Use spray freely on cracks & crevices in cupboards, bookcases, shelves. Repeat if necessary.

**SPIDERS** - Get spray into cracks, crevices, corners, wherever spiders are found in garages, basements, attics.
