

## DIRECTIONS

1. For disinfecting, cleaning, and deodorizing in food processing plants and equipment. Use a solution of ½ ounce per gallon (1:256). Mop, wipe or swab this solution on surfaces. Leave in contact 10 minutes. Rinse all surfaces coming in contact with food with potable water before re-use.

2. For disinfecting and cleaning garbage and trash receptacles, sick room equipment, floors, walls, patient rooms, use ½ ounce of GERM-MASTER to 1 gallon of water (1:256 dilution). For porous surfaces, increase concentration to 1 ounce per gallon of water.

3. Germ-Master is fungicidal at a dilution of 1:200, against athlete's foot fungi on environmental surfaces. Prepare a solution of 5/8 ounce per gallon of water (1:200 dilution); mop or swab this solution onto floors and other surfaces normally contacted by the feet in locker rooms, shower stalls, bathrooms, and around swimming pools.

4. For non-food disinfection in animal and poultry houses, hatcheries, stockyards, zoos, veterinary animal hospitals: Do not use in milking stalls, milk parlors or milk houses. Remove all the animals and feeds from the premises. Remove all litter and manure from floors and other surfaces, empty all water troughs and feed racks. Saturate all surfaces with a solution of ½ oz. per gallon (1:256). Ventilate buildings and other closed spaces. Do not house poultry, livestock or use equipment until treatment has been absorbed or dried. All treated feeders, fountains and waters must be thoroughly scrubbed with detergent and rinsed with potable water prior to reuse.

5. Germ-Master is conductive—may be used on conductive floorings as it does not interfere with electrical conductivity, as specified in the procedures in accordance with Paragraph 252, "Conductive Flooring of the National Board of Fire Underwriters", Specifications No. 56.

# OXFORD GERM - MASTER

## Disinfectant — Detergent

STAPHYLOCIDAL — FUNGICIDAL — PSEUDOMONACIDAL —  
TUBERCULOCIDAL — SALMONELLACIDAL — CONDUCTIVE

Germ-Master disinfectant is a broad spectrum, powerful germicide and deodorant formulated with multiple germicidal agents to provide potent activity and detergency.

## DANGER

### KEEP OUT OF REACH OF CHILDREN

Corrosive. Causes severe eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

**FIRST AID:** In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately. **NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

**Active Ingredients:** Isopropanol 12.00%; Potassium laurate, myristate and related compounds 11.80%; o-phenylphenol 6.37%; para-tertiarybutylphenol 4.93%; 2,4,5-trichlorophenol 2.37%; Ethylenediaminetetraacetic acid tetrasodium salt 2.00%; 4-and 6-chloro-2-phenylphenol 1.80%; Sodium mono- and dimethyl naphthalene sulfonate 0.50%; Essential Oils 0.30%.

## A.O.A.C. USE-DILUTION METHOD, 11th EDITION

Staphylococcus aureus	1:256
Salmonella choleraesuis	1:256
Pseudomonas aeruginosa	1:256

Germ-Master is a viricidal agent against the enveloped, lipophilic viruses represented by herpesvirus (strain HF) and influenza virus A2/Aichi/2/68 (Hong Kong). Germ-Master at a 1:256 dilution is viricidal.

Germ-Master is Salmonellacidal — effective against the organisms which cause pullorum disease, fowl typhoid, and paratyphoid when tested using the A.O.A.C. Use-Dilution Method, 11th Edition.

Salmonella pullorum	1:256
Salmonella typhimurium	1:256
Salmonella typhosa	1:256
Salmonella choleraesuis	1:256

Germ-Master is also effective against the following organisms using the A.O.A.C. Use-Dilution Method, 11th Edition.

Proteus vulgaris	1:256
Streptococcus mitis	1:256
Escherichia coli	1:256

Germ-Master removes mildew stains from hard surfaces.

## A.O.A.C. OFFICIAL FUNGICIDAL TEST 11th EDITION

Trichophyton interdigitale	1:200
A.O.A.C. Tuberculocidal Test	
Mycobacterium tuberculosis	1:256

Rinse empty container thoroughly with water and discard it.
