ACTIVE INGREDIENTS:

[illegible]

INERT INGREDIENTS

10. *Phenylacetylene* (1.00 g, 7.5 mmol) was dissolved in 10 mL of *p*-chlorophenol and 10 mL of concentrated sulfuric acid. The mixture was stirred at 100°C for 24 h. The mixture was cooled and poured into ice water. The mixture was extracted with diethyl ether. The organic layer was washed with water, dried, and concentrated. The residue was purified by column chromatography (silica gel, 10% ethyl acetate in hexanes) to give 1.0 g (10%) of 1-phenyl-2-(4-chlorophenyl)ethane-1-thiol.

CAUTION

KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Cover or remove exposed food and food stuffs during spraying. After spraying in meat packing plants, wash with potable water all equipment, benches, shelving where exposed food will be handled.

DO NOT STORE, POUR OR SPILL NEAR HEAT
OR OPEN FLAME. Keep container Closed.

is required, do not remove or treat the area. Ventilate the area after treatment is completed.

For a contact spray to kill cockroaches, water bugs and silverfish, it must be able to penetrate the insect's body wall. HY-GARD does.

CAUTION

Remove, petri, trash, and cover fish aquariums before spraying. This product is toxic to fish.

Do not reuse empty container. Wash thoroughly and destroy by perforating or crushing and burying in a safe place.
