DIAZINON

RESIDUAL INSECTICIDE

**RESIDUAL AND CONTACT INSECTICIDE
(Especially for Food Processing Industries)**

**Apply to the Outsides of Buildings, Approaches,
and the Interior of Rooms Where No Food Is
Processed**

ACTIVE INGREDIENTS — 100%

O, O-diethyl O-(2-isopropyl-6-methyl-4-pyrimidinyl) phosphorothioate500%
N-octyl bicycloptene dicarboximide167%
Piperonyl Butoxide*100%
Pyrethrins050%
Special Refined Petroleum	99.183%

*consists of .08% (butylcarbityl) (6-propylpiperonyl) ether and .02% related compounds.

CAUTION:

**KEEP OUT OF THE REACH OF CHILDREN
HARMFUL IF SWALLOWED**

Avoid contamination of feed and foodstuffs. Avoid repeated or prolonged inhalation and skin contact; wash thoroughly after using. Do not use on household pets or humans.

DIRECTIONS FOR USE

ROACHES, ANTS, WATERBUGS, SILVERFISH, SPIDERS, CRICKETS: Spray heavily in all cracks, around baseboards and other places where these insects hide. Also spray until wet, surfaces behind and beneath cabinets, refrigerators, sinks, etc. Use on other localized areas infested with these pests. Repeat treatment as required.

FLIES, MOSQUITOES, WASPS AND FLYING MOTHS (Outdoors): For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where these insects alight or congregate. Repeat treatment as required.

FLEAS, CHIGGERS, ANTS AND BROWN DOG TICKS (Outdoors): For treatment of localized infestations of these insects in outdoor areas where there is no vegetation, spray infested areas thoroughly. For ants, thoroughly wet hills and runways. Repeat applications as infestations warrant and as reinfestations occur.

CAUTION:

Do not reuse empty container. Destroy it by perforating or crushing. Bury or discard in a safe place.
