Attention: Les Nakamoto

Gentlemen:

Subject: LOBACINE
EPA Registration No. 3640-89
Your Submission Dated January 26, 1987

The amendment referred to above, submitted in connection with registration under section 3(c)(7)(A) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Submit two (2) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

DIRECTIONS FOR USE

It is a violation of federal law to use this product in any way not specified on the label with its labeling.

See instructions for additional uses on collateral literature.

Farm and Food Service Industry Uses for LOBACINE: Dairy Farm Sanitation, Poultry Farm Sanitation, and instructions for these uses on collateral literature.

Taverns, Soda Fountains and Restaurants: Sanitize mugs and food utensils. LOBACINE solution sanitizes glasses, dishes, food utensils, etc. sanitary. For hand compartment sink use the following procedure:

1. Scrape and prewash utensils and glasses with a good detergent.
 2. Wash with a good detergent or compatible cleaner.
 3. Rinse with clean water.
 4. Sanitize in a LOBACINE solution (1 teaspoon per gallon) (Approx. 200 ppm). Immerse all utensils for the contact time specified by governing sanitization codes.
 5. Place sanitized utensils on a rack or drainboard to dry.
- LOBACINE solutions should be made up frequently during the day as necessary.

PRECAUTIONARY STATEMENT

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Highly corrosive. Causes skin and eye damage if swallowed. Do not get in eyes, on skin or clothing. Use eye shield and rubber gloves when handling. Irritant. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS: This product is toxic to aquatic life if discharged into lakes, streams, ponds, or public waterways. Use in accordance with an NPDES Permit. For guidance contact the office of EPA.

PHYSICAL AND CHEMICAL HAZARDS - STRONG OXIDIZER

Strong oxidizing agent. Mix only with water. Use only as directed. Do not add this product to any dispensing device containing another product. Such use may cause a violent reaction. Contamination with moisture, organic materials, or other chemicals may start a chemical reaction with the release of hazardous gases, and possible explosion. In case of contamination or decomposition, isolate container in open dry area, flood with large volumes of water, if necessary.

STORAGE AND DISPOSAL: Keep product dry in its original container when not in use. Store in a cool, dry, well-ventilated area away from open flame. In case of decomposition isolate container, flood with large amounts of water to dissolve and dilute, then discard. Place in trash collection or dispose in a hazardous waste facility.
