WARNING: Keep out of reach of children. Rapidly absorbed through the skin. Harmful if swallowed or absorbed through the skin. Do not breathe dust or spray mist. Do not get in eyes, on skin, or on clothing. Wash thoroughly after handling.

Do not reuse empty drum. Return to drum reconditioner or destroy by perforating or crushing and burying in safe place.

This product is toxic to fish and wild-life. Treated effluent should not be discharged where it will drain into lakes, streams or ponds.

EPA Reg. No. 3682-1

ANTIDOTE:

EXTERNAL: Wash with rubbing alcohol and follow with soap and water.

INTERNAL: Give 1 tablespoon of salt in glass of warm water. Repeat until vomit fluid is clear. Give milk of white of eggs beaten with water. Have patient lie down --- keep warm. Call a physician.

LUTIONS FOR USE:

Initial dosage, add 7 lbs. for each 1000 gallons water to the sump of clean systems or system containing just visible algae growth. Heavy growths must be removed by manual cleaning. Thereafter, add 4-½ lbs. periodically per 1000 gallons bleed off (or make-up water), when the bleed-off amounts to ½ of the water in the system.

ACTIVE INGREDIENTS:

Sodium Pentachlorophenate	3.95%
Sodium salts of other	
chlorophenols	0.55%
INERT INGREDIENTS	95.5%

The active ingredients listed concern algae killing ingredients only. Other material classed as inert in this respect are active in corrosion, scale and pH control, etc.
