Back label (Continued):

Directions For Use for trigger foamer:

Only Tough Act has SCRUBBING BUBBLES\*, whose foaming action thoroughly cleans, shines, disinfects and deodorizes. No scrubbing required. Specially formulated to attack soap scum, hard water stains and dirt. Controls mold and mildew growth on hard, nonporous surfaces. Kills common germs such as Staphylococcus aureus (Staph), Streptococcus pyogenes (Strep), Salmonella choleraesuis (Salmonella), Trichophyton mentagrophytes (Athlete's foot fungus) on household surfaces. Effective on countertops\*, appliances, cabinets, exhaust fans, microwave ovens, floors, ceramic tile, stainless steel, chrome, fiberglass, porcelain surfaces, tubs, showers, sinks, basins, and chrome fixtures. For all other surfaces, spot test in an inconspicuous area. Contains no abrasives, so it can't scratch surfaces. Leaves a brilliant shine and a fresh, clean scent.

**DIRECTIONS FOR USE:** It is a violation of federal law to use this product in a manner inconsistent with its labeling. To use, lift flap and lock into arrow on top of trigger foamer. Do not operate when flap is closed. TO CLEAN, hold 6-8 inches from surface. Spray with quick, full strokes. Allow foam to penetrate dirt and soap scum. Wipe with wet cloth or sponge, rinse with water. TO DISINFECT, reapply covering entire surface with foam. Allow surface to remain wet for 10 minutes. TO PREVENT MOLD AND MILDEW GROWTH on hard, nonporous surfaces, spray thoroughly. Reapply as new growth appears. \*A rinse is required for surfaces in direct contact with food.

Directions For Use for non-foamer trigger:

Tough Act\* The Heavy Duty Bathroom Cleaner does it all -- cleans, shines, deodorizes and disinfects -- for a complete clean. Unlike ordinary cleaners and disinfectants, this effective, versatile cleaner not only wipes out tough grease and grime, it kills food-related bacteria and odor-causing germs such as Salmonella choleraesuis (Salmonella), Streptococcus pyogenes (Strep), Staphylococcus aureus (Staph), and Trichophyton mentagrophytes (Athlete's Foot Fungus) all around the house.

For the first time ever, the cleaning experts at Dow have combined the latest cleaning technology with antibacterial disinfectants, so there's nothing left behind but a brilliant, streak-free shine, plus a light fresh scent. You can be sure your home not only looks clean, its completely clean.

Tough Act has combined its powerful cleaners with antibacterial ingredients to kill bacteria such as Staphylococcus aureus (Staph), Streptococcus pyogenes (Strep), Salmonella choleraesuis (Salmonella), Trichophyton mentagrophytes (Athlete's foot fungus) and odor causing germs. Now you can disinfect as you cut through even the toughest greasy dirt leaving surfaces with a sparkling streak-free shine. Your kitchen is left with a fresh lemon scent that makes it smell as clean as it looks. Controls mold and mildew growth on hard, nonporous surfaces. Effective on countertops\*, appliances, cabinets, exhaust fans, microwave ovens, floors, ceramic tile, stainless steel, chrome, fiberglass, porcelain surfaces, tubs, showers, sinks, basins, and chrome fixtures. For all other surfaces, spot test in an inconspicuous area. Contains no abrasives, so it can't scratch surfaces.

**DIRECTIONS FOR USE:** It is a violation of federal law to use this product in a manner inconsistent with its labeling. TO USE, lift flap and lock into arrow on top of trigger. Do not operate when flap is closed. FOR GENERAL HOUSEHOLD CLEANING, hold 6-8 inches from surface, spray surface then wipe with a dry paper towel or lint-free cloth. No rinsing necessary. TO DISINFECT/DEODORIZE, reapply covering entire surface with spray. Allow surface to remain wet for 10 minutes. TO PREVENT MOLD AND MILDEW GROWTH on hard, nonporous surfaces, spray thoroughly. Reapply as new growth appears. Do not use on eating utensils, plates or glasses. \*A rinse is required for surfaces in direct contact with food.

**PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS:** CAUSES EYE IRRITATION. Avoid contact with eyes. **FIRST AID:** In case of contact, immediately flush eyes with plenty of water. Get medical attention if irritation persists. **STORAGE:** Store out of the reach of children. **DISPOSAL:** Do not reuse empty container, discard in trash.
