

FOLLOW DIRECTIONS and CAUTIONS CAREFULLY

Net Wt 1 lb.

**ARLENGE 50% CHLORDANE INSECTICIDE IS:**

- EASY TO USE
- VERY EFFECTIVE
- KILLS MANY INSECTS

Good for use on ornamentals

**DIRECTIONS  
AS A SPRAY**

For **JAPANESE BEETLES, ORIENTAL BEETLE, ASIATIC BEETLE GRUBS, CHINCH BUGS, WHITE GRUBS** use 8 oz. of contents in 5 gallons of water per 1000 sq. feet of lawn or turf; 2 tablespoonfuls in 2½ quarts water per 125 sq. feet.

For **ANTS** and **EARWIGS** use 4 tablespoonfuls in 5 gal. water per 1000 sq. ft.

For **TERMITES** mix 4 pounds of contents in 25 gallons of water. Dig a trench 2½ feet deep (but not below the top of the footing if this is shallower) around the building. Apply 1 gallon of the mixture per lineal foot of trench including treatment of backfill soil. Also treat thoroughly soil around and under porches.

**CRABGRASS (Pre-emergence)** Prevent the development of crabgrass seeds and seedlings by spraying in the Spring or late Fall before crabgrass appears. Chlordane does not kill grown crabgrass plant. Do not spray new lawns. If reseeding, wait 1 month after spraying with Chlordane. Use 3 pounds of contents per 5 gallons of water for every 1000 sq. ft.

**AS A DUST**

For single **ANT HILLS** use 1½ teaspoonful per hill and drench with water.

<b>Active Ingredients</b>	50%
*Chlordane, Technical	50%
<b>Inert Ingredients</b>	50%
*Equivalent to 30% Octa Chloro 4, 7-Methano Tetrahydroindane and 20% related compounds.	

Mfd. by **ARLENGE LABORATORIES** New York 13, N. Y.

Made in U.S.A.

**PARTIAL LIST OF INSECTS CONTROLLED:**

ANTS                      JAPANESE BEETLES  
CHINCH BUGS          TERMITES  
WHITE GRUBS          AND MANY OTHER INSECTS

**CAUTION**

KEEP CHILDREN AND PETS OFF TREATED AREAS UNTIL THE SPRAY HAS BEEN THOROUGHLY WASHED INTO THE SOIL AND GRASS HAS DRIED.

Harmful if swallowed. Avoid breathing dust or spray mist. Contact with skin can cause toxic symptoms. In case of contact with skin, wash with soap and water. For eyes, flush with water for 15 minutes, get medical attention. Wash hands after use. Avoid contamination of feed and foodstuffs. Keep out of reach of children. Do not use on household pets or humans. Do not apply on plants in bloom as chlordane is toxic to pollinizing insects. Do not apply to plants or lawns that are not well irrigated or when air temperature exceeds 90 F. Do not contaminate drinking water or use near fishponds, etc. Do not feed forage treated with this spray to dairy animals or to animals being finished for slaughter. When container is empty, immediately destroy. Never re-use.

**ANTIDOTE**

If swallowed induce vomiting by intake of a solution of 1 tablespoon of baking soda or salt in 1 glass of warm water. Repeat until vomit fluid is clear. CALL A PHYSICIAN.
