TOXAPHENE DUST

CAUTION: KEEP OUT OF REACH OF CHILDREN

DIRECTIONS

COTTON: For the control of Bollweevil, Bollworm and Fleahoppers. First application should be made when first squares appear on cotton but are too small for weevil to lay eggs in. Use from 10 to 20 pounds for first application. Do not graze dairy animals or animals being finished for slaughter in field treated area in the season.

Second application should be made 5 to 8 days later, using 10 to 20 pounds, third application 5 to 8 days later, using 10 to 20 pounds per acre. Probably it will be necessary to dust 2 or 3 times in late July and early August.

CABBAGE: For the control of Thrips, Serpentine Leafminer, Fall Armyworm, Imported Cabbage Worm, Diamond Back Moth, Cutworms. Use at the rate of 10 to 20 lbs. per acre. Do not apply when heads begin to form.

SOYBEANS: For the control of Velvet Bean Caterpillar and Corn Earworms. Use at the rate of 10 to 15 lbs. per acre. Do not feed to dairy animals or animals being finished for slaughter. Dusting should be done when air is quiet either in the early morning or preferably in the late afternoon or early evening. Poison every 7 days.

Do not apply within 21 days of harvest. Do not feed to or graze on crops made from treated plants to poultry, dairy animals, or animals being finished for slaughter. Do not feed soybean meal, trash to livestock or poultry.

Do not use in any manner not listed by label.

Do not apply to any fish, birds, and other wildlife. Do not feed to or graze on crops made from treated plants to poultry, dairy animals, or animals being finished for slaughter. Do not apply where run-off is likely to enter any stream, pond, or other body of water. Do not contaminate water by cleaning of equipment or disposal of excess material. Apply this product in the manner specified on the label.

Do not use in any manner not listed by label. Do not be applied when wind is blowing.

CAUTION

Do not use in any manner not listed by label. Do not be applied when wind is blowing. Do not use in any manner not listed by label. Do not be applied when wind is blowing.

Do not use in any manner not listed by label. Do not be applied when wind is blowing. Do not use in any manner not listed by label. Do not be applied when wind is blowing.
