DANGER

Keep out of reach
of children

CAN KILL YOU

PARATHION 400

USE ONLY WHEN WEARING THE FOLLOWING PROTECTIVE EQUIPMENT AND
CAUTIONING

Keep all unprotected persons and children away from treated area or where there is
drift. Do not allow anyone to enter treated area until you have washed thoroughly with soap and water. If you get help
right away. Call a doctor (physician), clinic or hospital immediately. Explain that the
victim has been exposed to parathion and describe his condition. After first aid is given
(see First Aid Treatment Section) and if a doctor cannot come, take victim to clinic or
hospital.

IMPORTANT! Before removing gloves, wash them with soap and water. Always wash
hands, face and arms with soap and water before smoking, eating or drinking.

AFTER WORK, take off all work clothes and shoes. Shower, using soap and water. Wear
only clean clothes when leaving job. Do not wear contaminated clothing. Wash protective

equipment after each use. Respirator should
be cleaned and later replaced according to manufacturer's instructions.

POISON SIGNS (Symptoms)

Parathion is a very dangerous poison. It rapidly enters the body on contact with all skin
tissues. If you get it on your skin, it must be removed immediately. If
you get it in your eyes, it must be washed out immediately. If you get it in your mouth,
do not swallow it. Spit it out and wash your mouth out with water. If you get it in your
lungs, it will cause difficulty in breathing. If you get it on your clothes, it must be
washed out immediately. If you get it on your shoes, it must be washed out immediately.

If you get it on your skin, it will cause a burning sensation. If you get it in your eyes,
it will cause pain and redness. If you get it in your mouth, it will cause a burning
sensation. If you get it in your lungs, it will cause difficulty in breathing. If you get it
on your clothes, it will cause a burning sensation. If you get it on your shoes, it will
cause a burning sensation.

If you get it on your skin, it will cause a burning sensation. If you get it in your eyes,
it will cause pain and redness. If you get it in your mouth, it will cause a burning
sensation. If you get it in your lungs, it will cause difficulty in breathing. If you get it
on your clothes, it will cause a burning sensation. If you get it on your shoes, it will
cause a burning sensation.

If you get it on your skin, it will cause a burning sensation. If you get it in your eyes,
it will cause pain and redness. If you get it in your mouth, it will cause a burning
sensation. If you get it in your lungs, it will cause difficulty in breathing. If you get it
on your clothes, it will cause a burning sensation. If you get it on your shoes, it will
cause a burning sensation.

it will cause pain and redness. If you get it in your mouth, it will cause a burning
sensation. If you get it in your lungs, it will cause difficulty in breathing. If you get it
on your clothes, it will cause a burning sensation. If you get it on your shoes, it will
cause a burning sensation.

TECHNIQUES FOR USE

Pour recommended amount of this material into already filled spray tank. Add balance of water to fill tank. Keep agitator running during filling, mixing, and spraying operations. Do not allow mixture to stand. If mixture does not mix but tends to separate as an oily layer, do not use, as injury to plants may result. Do not combine emulsifiable liquids with wettable powders in the same spray tank unless previous use of the materials being combined has proved

used materials at least 18 inches deep.

RECOMMENDATIONS

PEANS: Appids, Armyworms, Leafhopper, Leaf Miner, Leaf Roller, and Mexican Bean Beetle.
Use 1 pt. per acre in sufficient water for thorough coverage. Repeat applications at 7- to 10-day intervals until controlled. Do not apply within 7 days of harvest.

1. BACCO. For control of Southern Pea
Wireworm and Tobacco Wireworm use at rate
of 2 gals. per acre. Spray on soil surface and
about 1-4 weeks before setting
of peas, beans, collards, broccoli, brussels
spouts, cauliflower, kale, mustard, turnips,
rutabagas, swiss chard, diamond-back moth, larva
of diamond-back moth, turnips. Use 1 pt. per a.
for thorough coverage. Do not use on egg, mustard, turnip or on
other crops do not need.

PERFORATE, CRUSH

CONFIDENTIAL - SECURITY INFORMATION
