

MIXING DIRECTIONS

1. Add 1/2 cup of water to the powder in a clean container.
2. Stir thoroughly with a spoon until a smooth paste is formed.
3. Add another 1/2 cup of water and stir again.
4. The mixture is now ready for use.

DIRECTIONS FOR USE

1. Apply a thin layer to the surface to be treated.
2. Allow to dry for 24 hours.
3. Repeat the process as necessary for complete coverage.
4. The treated surface will be protected from moisture and mold.
