IODAN MISCIBLE

INSECTICIDE

ACTIVE INGREDIENTS

Iodan (Hexachlorohexahydromethano-2, 4, 3- benzodioxathiepin oxide) 24.00%

24.00%

OTHER INGREDIENTS

69.00%

an U. S. Patent No. 2,750,005

7.00%

Iodan Miscible contains 2 parts of Thiodan per gallon.

100.00%

INGREDIENTS: Iodan Miscible is a liquid which may be absorbed through the skin. Do not breathe spray mist. Do not breathe dust. In case of contact, immediately remove contaminated clothing and wash thoroughly with soap and water. If swallowed, get medical attention. Wash thoroughly with soap and water. Do not eat, drink, or smoke while wearing clothing. During commercial or prolonged exposure, use appropriate protective equipment, such as synthetic rubber gloves and a mask or respirator of a type approved by the U. S. Department of Mines for the protection. Do not apply or allow to drift to areas occupied by protected beneficial animals. This product is poisonous to fish and wildlife. Keep out of any body of water. Use this product only as specified on this label. Birds feeding on treated areas may be killed. Do not apply to areas where birds are likely to roost. Do not apply when weather conditions favor drift from areas treated. Do not use in areas where water is used for cleaning of equipment or disposal of wastes. This product is toxic to fish and wildlife. Do not use in areas where birds are likely to roost. Workers entering treated area within 24 hours should wear protective clothing.

WARNING: KEEP OUT OF REACH OF CHILDREN

Destroy by burning in a safe place"

WARNING—FLAMMABLE

Keep away from open flame. — Keep container closed. — Leaking packages should be opened in a well-ventilated area.

DEALERS SHOULD SELL IN ORIGINAL PACKAGES ONLY

DO NOT MIX WITH OTHER MATERIALS IN A MANNER OR AT A TIME OTHER THAN THAT SPECIFIED ON THE LABEL. MIXTURES MAY PRODUCE PLANT INJURY. EXCESSIVE RESIDUES MAY BE TOXIC TO BIRDS.
