(C) BUILDINGS WITH BASEMENTS:

(1) Apply 1 gallon per 10 square feet of an over-all treatment as well as on attached porches, entrance platform, utility entrances, and similar areas where slab fill is at grade level. Where crawl spaces exist treat as described in part (2) below.

(2) Apply 2 gallons per 5 linear feet to critical areas only under the basement flooring, as well as porches and entrances having crawl spaces, such as along the inside of foundation walls, around sewer pipes, conduits, pipes, etc. Trench according to directions in part (3) below.

(3) Along the outside of foundation walls dig a narrow trench with a band no wider than 6 inches, such trench to be dug no deeper than the top of the footings. If the trench is less than 15 inches in depth to the top of the footings, apply 1 gallon per 5 linear feet. Replace the soil and apply another 1 gallon per 5 linear feet to the back fill. Cover the back fill with a layer of soil. If the trench is more than 15 inches in depth to the top of the footings, apply 2 gallons per 5 linear feet. Replace the soil and apply another 2 gallons per 5 linear feet to the back fill. Cover the back fill with a layer of soil. A trench 30 inches deep is a maximum depth and shall not be used for foundations where the top of the footings is greater than 30 inches deep. Do not apply or allow to drift to areas occupied by unprotected humans or beneficial

animals. Do not treat areas where children play.

This product is not to be used on other animals, trees, shrubs, or plants. Treated areas may be hosed down to eliminate water evaporation, or may be covered or disposal of water. Apply the product only as specified on this label and not from Dieldrin during or after prolonged exposure in spray, mist, or fogging operations. Wear clothing, rubber gloves and goggles. Do not use a type passed by the U.S. Bureau of Mines. Use this product only for recommended purposes and at recommended dosages.

MIXING DIRECTIONS

Mix ROYAL BRAND DIELDRIN 15 with water by agitation; agitate the mixture while spraying. It allowed to stand, agitate before use.

WARNING! HAZARDOUS IF SWALLOWED INHALED OR ABSORBED THROUGH

SKIN. Wash thoroughly with soap and water after handling and before eating or smoking. Wear protective clothing. In case of skin contact, remove clothing immediately, remove clothing from skin or eyes, and seek medical attention. Keep from heat and open flame.
