CAUTION - KEEP OUT OF REACH OF CHILDREN

DIRECTIONS: For control of tomato fruit worms and hornworms, Colorado potato beetles, flea beetles, leaf hoppers, stink bugs, and late blight and early blight on tomatoes only. Use at rate of 20-25 lbs. per acre beginning when disease or insects first appear. Dust weekly with thorough coverage to underside of leaves. May also be used to control rust and Mexican bean beetles in pole beans at above rates. Do not use within 4 days of harvest on pole beans.

For Bean Rust, begin when plants are small. Repeat at 5-to-7 day intervals.

CAUTION: Avoid breathing dust. Avoid contact with skin. Wash thoroughly after using. Wear regular long-sleeved work clothing. Change to clean clothes daily. Wash hands and face before eating.

CAUTION: May cause irritation of eyes, nose, throat, and skin. May be harmful if inhaled or swallowed. May be absorbed through skin and throat. Do not breath dust or spray mist. Avoid contact with skin, eyes, and clothing. Keep away from fire or sparks. In case of contact, flush with plenty of water; for eyes get medical attention.

This product is toxic to fish. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment, or disposal of wastes.

This product is highly toxic to bees exposed to direct treatment or residues on crops. Protective information may be obtained from your Cooperative Agricultural Extension Service.

NOTICE: Follow directions carefully. Timing and method of application, weather and crop condition, mixtures with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage, or handling of this material not in strict accordance with directions given herewith.
