Apply it when the weeds are in the early stages of growth. The best time to apply is in the spring or fall. Use a backpack sprayer or a pump-up sprayer. Spray the weeds thoroughly, but do not spray the grass. The product will kill the weeds within a few days.

DILUTION EQUIVALENT FOR SMALL EQUIPMENT

CORN: This product is for use on corn. It is a selective herbicide that kills weeds without harming the corn. Apply it when the weeds are in the early stages of growth. The best time to apply is in the spring or fall. Use a backpack sprayer or a pump-up sprayer. Spray the weeds thoroughly, but do not spray the corn. The product will kill the weeds within a few days.

SMALL GRAINS (Barley, Oats, Rye and Wheat): This product is for use on small grains. It is a selective herbicide that kills weeds without harming the grains. Apply it when the weeds are in the early stages of growth. The best time to apply is in the spring or fall. Use a backpack sprayer or a pump-up sprayer. Spray the weeds thoroughly, but do not spray the grains. The product will kill the weeds within a few days.

Annual and Biennial Weeds: This product is for use on annual and biennial weeds. It is a selective herbicide that kills weeds without harming the grass. Apply it when the weeds are in the early stages of growth. The best time to apply is in the spring or fall. Use a backpack sprayer or a pump-up sprayer. Spray the weeds thoroughly, but do not spray the grass. The product will kill the weeds within a few days.

Perennial Weeds: This product is for use on perennial weeds. It is a selective herbicide that kills weeds without harming the grass. Apply it when the weeds are in the early stages of growth. The best time to apply is in the spring or fall. Use a backpack sprayer or a pump-up sprayer. Spray the weeds thoroughly, but do not spray the grass. The product will kill the weeds within a few days.

NON-CROPPED LAND: This product is for use on non-cropped land. It is a selective herbicide that kills weeds without harming the grass. Apply it when the weeds are in the early stages of growth. The best time to apply is in the spring or fall. Use a backpack sprayer or a pump-up sprayer. Spray the weeds thoroughly, but do not spray the grass. The product will kill the weeds within a few days.

Annual and Biennial Weeds: This product is for use on annual and biennial weeds. It is a selective herbicide that kills weeds without harming the grass. Apply it when the weeds are in the early stages of growth. The best time to apply is in the spring or fall. Use a backpack sprayer or a pump-up sprayer. Spray the weeds thoroughly, but do not spray the grass. The product will kill the weeds within a few days.

Deep Rooted Perennials and Woody Plants: This product is for use on deep rooted perennials and woody plants. It is a selective herbicide that kills weeds without harming the grass. Apply it when the weeds are in the early stages of growth. The best time to apply is in the spring or fall. Use a backpack sprayer or a pump-up sprayer. Spray the weeds thoroughly, but do not spray the grass. The product will kill the weeds within a few days.

TURF WEED CONTROL: This product is for use on turf. It is a selective herbicide that kills weeds without harming the grass. Apply it when the weeds are in the early stages of growth. The best time to apply is in the spring or fall. Use a backpack sprayer or a pump-up sprayer. Spray the weeds thoroughly, but do not spray the grass. The product will kill the weeds within a few days.

2,4-D ISOOCTYL ESTER 4-E

LOW VOLATILE WEED KILLER

CONTAINS 4 LBS. 2,4-D ACID EQUIVALENT PER GALLON

ACTIVE INGREDIENTS:

IsoOctyl Ester of 2,4-Dichlorophenoxyacetic Acid 68.4%

INERT INGREDIENTS:

Total 31.6%
2,4-Dichlorophenoxyacetic Acid Equivalent 45.4%

CAUTION

KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. May cause skin irritation. Avoid contact with eyes, skin and clothing. See side panel for additional cautions.

DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME

Protect from Temperatures Below 0° F.

DO NOT USE EMPTY CONTAINER — PERFORATE, CRUSH, BURY

DO NOT BURN
