## **GENERAL INFORMATION**

Yerba mate is a traditional South American drink that has been enjoyed for centuries. It is made from the dried leaves of the yerba mate tree, which is native to Argentina, Uruguay, and Brazil. The drink is typically prepared by steeping the leaves in hot water and then sipping the resulting tea through a strainer. Yerba mate is known for its unique flavor, which is often described as a combination of mint, citrus, and earthy tones. It is also believed to have various health benefits, such as improved digestion and increased energy levels. In recent years, yerba mate has gained popularity outside of its native region, particularly in North America, where it is often served as a coffee alternative or a healthy beverage option.

Yerkes and his colleagues have also studied the effect of the amount of time spent in the presence of the stimulus on the rate of extinction. The results of their experiments indicate that the rate of extinction increases as the amount of time spent in the presence of the stimulus increases.

## **DIRECTIONS FOR USE**

**Horses.** This will kill horse flies, stable flies, house flies, horn flies, face flies, mosquitoes and gnats on the animal at the time of application.

Use a heavy weight sponge to wipe spray stains off vinyl just enough spray to wet the cloth. If it leaves water marks, break the heat gun to a low setting and hold it over the affected area. If you do this, make sure the vinyl is dry before you apply the vinyl.

# **FLY WIPE-A-WAY**

## (WIPE SPRAY FOR HORSES)

## **REPELLS and KILLS**

Horse Flies, Stable Flies, House Flies Face Flies  
Hornflies, Mosquitoes, Gnats

## EFFECTIVE IN BARN AND IN THE PASTURE

**ACTIVE INGREDIENTS:**

Piperonyl Butoxide Technical 10%  
 Pyrethrins 0.6%  
 N-octyl bicycloheptene dicarboximide 20%  
 Di-n-propyl isocinchomeronate 40%  
 Petroleum distillate 99.24%

**CAUTION**

**KEEP OUT OF REACH OF CHILDREN**

Harmful if swallowed. Do not contaminate feed, foodstuffs or drinking water.  
Do not reuse empty container. Bury or discard in a safe place.  
This product is toxic to fish. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME

NET CONTENTS 1 GALLON

## **DIRECTIONS FOR USE**

**Face Flies:** Use a heavy cloth or sponge to wipe spray on the faces of horses. Apply daily or as needed to those areas of the animal where face flies rest, such as the face, withers and sides where they occur from head tossing.

**Barns:** Apply as a dust spray in barns to knockdown and kill stable flies, house flies, face flies, mosquitoes and gnats. Close all windows and doors before spraying and keep them closed for 10-15 minutes after the room has been filled with a light mist. **NOTE:** Do not remain in treated areas and ventilate the area after treatment is completed.

**NOTICE:** Seller's guarantee shall be limited to the terms of the label, and subject thereto the buyer assumes any risk to persons or property arising out of use or handling and accepts the product on these conditions.
