

HORSE CARE Insecticide

DIRECTIONS FOR USE

Mix designated amount Korlan 25% Wettable Powder in water and mix well. Keep liquid agitated. Apply with a regular sprayer giving a coarse spray for the control of insects.

House Flies, Stable Flies, Face Flies, inside or outside of barns: Mix 1 to 2 lbs. to 6 $\frac{1}{4}$ gallons of water (0.5% to 1% spray solution). Add 3 ounces of sugar per gallon of finished spray to increase efficiency. Apply 1 to 2 gallons spray per 1,000 sq. ft. of surface. Make thorough coverage of fly resting places around windows and to other surfaces frequented by flies. Spray evenly over bedding.

Fleas in building: Mix 1 lb. in 3 gallons water (1% spray solution). Spray thoroughly floors, walls, cracks, crevices of sleeping quarters of horses or other infested areas. Re-treat as necessary.

Screw-worm: Mix 1 lb. in 6 $\frac{1}{4}$ gallons water for a 0.5% solution. For smaller amounts mix 4 oz. to 6 quarts water or 2/3 ounce in 1 quart water (0.5% solution). Apply directly to all flesh wounds of horses. Repeat as necessary.

ENVIRONMENTAL CAUTION: This product is toxic to fish. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

CONTAINER DISPOSAL: Do not reuse container. Destroy by perforating or crushing. Bury or discard it in a safe place away from water supplies.

NOTICE TO USER: Seller's guarantee shall be limited to the terms of the label, and subject thereto the buyer assumes any risk to persons or property arising out of use or handling and accepts the product on these conditions.
