

TOMATO DUST

DIRECTIONS FOR USE

Do not use except as specified on this label. Observe all precautionary and warning statements.

TOMATOES: Anthracnose, early blight, gray leaf mold (*Botrytis* and *Stemphylium*), late blight, blister beetle, Colorado potato beetle, flea beetle, leaf hopper, tomato hornworm, lace bug, tomato fruitworm, cutworm, fall armyworm.

Do not apply to tomatoes within 5 days of harvest.

Make application in morning or evening when it is cool and air is calm. Apply a thin uniform coverage of dust to upper and lower surfaces of all foliage. Do not apply in excess. Begin dusting at first sign of insects or disease. Repeat as necessary generally at 7 day intervals, oftener in late blight conditions or in rainy weather. Light applications should be made in seed beds if plants show signs of insects or disease.

Injury to tender foliage may occur if applications are made when plants are wet or in the presence of high humidity of several days duration following treatment.

CAUTION: Harmful if inhaled or swallowed. Do not breathe dust. May cause irritation of nose, throat, eyes and skin. Avoid contact with skin. In case of skin contact wash with water, for eyes get medical attention. Wear regular long-sleeved work clothing. Change to clean clothing daily. Wash hands and face before eating. Wash thoroughly after handling.

NOTE TO PHYSICIAN: Carbaryl is a moderate, reversible cholinesterase inhibitor. Atropine is antidotal.

Do not store near or contaminate feed or foodstuffs.

PEE CAUTION: This product is highly toxic to bees exposed to direct treatment or residues on crop. Protective information may be obtained from your Cooperative Agricultural Extension Service.

Keep out of reach of children.

CAUTION: Keep out of reach of children. Store in a cool, dry place. Keep container tightly closed when not in use.

DISPOSAL PRECAUTIONS: Do not reuse empty container. Destroy it by burying with lime or other suitable material. Stay away from disposal area.

WARRANTY: This product is warranted to perform as described on the label, and subject to the terms and conditions of the purchase agreement arising out of use or handling and accept the product on these conditions.

TOMATO DUST

COMBINATION INSECTICIDE-FUNGICIDE DUST FOR INSECT AND DISEASE CONTROL

ACTIVE INGREDIENTS:

*A coordination product of zinc ion and manganese ethylene bisdithiocarbamate	6.00%
In which the ingredients are:	
Manganese ++	1.20%
Zinc ++	.15%
Ethylene bisdithiocarbamate ion (C ₄ H ₆ N ₂ S ₄)	4.65%
Carbaryl: 1-naphthol methylcarbamate	5.00%

INERT INGREDIENTS:

42.00%

*U. S. Pat. Nos. 2,504,404; 2,974,156 and Patent Pending

CAUTION

KEEP OUT OF REACH OF CHILDREN

See back panel for additional cautions.
