GUARANTEED ANALYSIS	
HERBICIDE-HERBICIDES CONTENT	FERTILIZER CONTENT
Active Ingredients	Total Nitrogen (N) Minimum 10.00%
*Polychlorocyclopentadiene	Avail. Plant Acid (P ₂ O ₅)
Isuron 7.5%	Minimum 4.00%
(Chlorine Content 60-62%)	Soluble Phosph (P ₂ O ₅)
Petroleum Distillate 15.0%	Minimum 4.00%
Inert Ingredients 77.5%	
Total 100%	

*Standard Reg. T M Vehical Corp., Mfg. of Chloridene
East May Seed & Nursery Co., Shenandoah, Iowa

DIRECTIONS—READ CAREFULLY

Use only for recommended purposes and at recommended rates on lawns.
This product is designed to give control of Crabgrass, Lawn Soil insects and
to furnish lawn and turf with a complete fertilizer application. When
used as directed it will not harm established lawn grass and will give full
season control of Crabgrass, and kill and weeds on lawn.

CRABGRASS CONTROL

WHEN TO APPLY

BANDAGE must be applied to the lawn
before crabgrass starts to germinate (be-
fore May 1st and earlier in southern
states). There is no waiting period be-
tween treatment and seeding therefore it
may be applied at the same time as
seeding for a new lawn in the spring. It
will not harm your desirable lawn grasses
such as Blue Grass.

HOW TO APPLY

Spread evenly with mechanical fertilizer
spreader when grass is dry. It is best to
measure out about half of the material to
be used and apply lengthwise of the
lawn. Use the other half for spreading
acrosswise of the lawn. This ensures even
distribution. Apply the contents of this
bag to 2500 sq. ft. of lawn area (50 ft.
by 50 ft.)

PLUS—FERTILIZER BENEFIT

This product contains a 10-6-4 complete
fertilizer. When applied as directed it
furnishes lawn grasses a large portion of
the annual food requirements needed for

CAUTION—Keep out of reach of children.
Should it be swallowed in case of contact
with skin, wash with soap and water. Avoid
contamination of food and feedstuffs.
Keep children and pets off area until
material is washed to soil level.

DIRECTIONS—READ CAREFULLY
Use only for recommended purpose and at recommended rates on lawn.
This product is designed to give control of Crabgrass, lawn ball insects and to furnish lawn and turf with a complete fertilizer application. When used as directed it will not harm established lawn grass and will give full season control of Crabgrass, and kill and control on lawn.

CRABGRASS CONTROL

WHEN TO APPLY

HOW TO APPLY

CRABGRASS must be applied to the lawn before crabgrass starts to germinate before May 1st and earlier in southern states. There is no waiting period between treatment and seeding therefore it may be applied at the same time as seeding for a new lawn in the spring. It will not harm your desirable lawn grasses such as Blue Grass.

Spread evenly with mechanical fertilizer spreader when grass is dry. It is best to measure out about half of the material to be used and apply lengthwise of the lawn. Use the other half for spreading crosswise of the lawn. This ensures even distribution. Apply the contents of this bag to 2500 sq. ft. of lawn area (50 lb. by 50 ft.).

PLUS—FERTILIZER BENEFIT

This product contains a 10-6-6 complete fertilizer. When applied as directed it furnishes lawn grasses a large portion of the annual food requirements needed for proper growth and vigor.

WARNING—To avoid possible fertilizer burn do not apply when grass is wet or on a hot humid day. Water sufficiently to wash product off grass and to the soil level.

CAUTION—Keep out of reach of children. Should it be swallowed in case of contact with skin, wash with soap and water. Avoid contamination of food and feedstuffs. Keep children and pets off area until material is washed to soil level. To protect fish and wildlife, do not contaminate streams, lakes, or ponds with this material.

ADDITION—Should in case of spillage on skin, wash promptly with soap and water.

PLUS—INSECT CONTROL

CRABGRASS is an "all round" highly-insecticide chemical. It will kill existing lawn soil insects such as Ants, White Grubs, European Chaffer Grubs, and Japanese Beetle Grubs. Insect kill is obtained simultaneously with fertilizer application and crabgrass control.

NOTICE OF WARRANTY—Earl May makes no warranty expressed or implied regarding this product except the composition as set forth in the ingredient statement herein. Buyer and user assumes all risk of germination, handling or use whether or not in accordance with any directions contained herein.
