

**CAUTION: COMBUSTIBLE MIXTURE**

**WARNING**

KEEP AWAY FROM WATER. Avoid contact with skin. Avoid breathing dust or fumes. Avoid contact with eyes. If contact occurs, flush with water for at least 15 minutes. Seek medical attention if symptoms persist. Do not eat, drink, or use tobacco products while using this product. Wash hands thoroughly after use. Store in a cool, dry place. Keep out of reach of children. For more information, see the label or contact the manufacturer.

**ANTIDOTE**

**EXTERNAL** - Wash with water.  
**INTERNAL** - Do not induce vomiting. Seek medical attention immediately.

**CONTAINER DISPOSAL**

Do not reuse or refill this container. Dispose of contents and container according to local, state, or federal regulations. Do not pour contents into water or other bodies of water.

**NOTICE**

Read the label and directions carefully. Use only as directed. Do not use on animals or in areas where children or pets frequent. Do not use in enclosed spaces without proper ventilation. Do not use in areas where food is stored or prepared.

**DIRECTION GUIDE FOR CHLORDANE 72E**

For a complete list of pests and application rates, see the label. Use only as directed. Do not use on animals or in areas where children or pets frequent. Do not use in enclosed spaces without proper ventilation. Do not use in areas where food is stored or prepared.

INSECT PEST	CONCENTRATION	APPLICATION
Ants	0.1 to 0.2 oz/gal	Apply to ant trails and nests.
Beetles	0.1 to 0.2 oz/gal	Apply to cracks and crevices.
Cockroaches	0.1 to 0.2 oz/gal	Apply to cracks and crevices.
Flies	0.1 to 0.2 oz/gal	Apply to areas where flies breed.
Grubs	0.1 to 0.2 oz/gal	Apply to soil around plants.
Houseflies	0.1 to 0.2 oz/gal	Apply to areas where flies breed.
Spiders	0.1 to 0.2 oz/gal	Apply to cracks and crevices.
Termites	0.1 to 0.2 oz/gal	Apply to soil around plants.
Wasp	0.1 to 0.2 oz/gal	Apply to wasp nests.

**DILUTION GUIDE FOR CHLORDANE 72E**

Percent Chlordane in finished formulation	Volume of finished formulation (gals.)	Amount of Chlordane 72E necessary (lb. measure)

20%	50	10
30%	33.3	10
40%	25	10
50%	20	10
60%	16.7	10
70%	14.3	10
80%	12.5	10
90%	11.1	10
100%	10	10

# CHLORDANE 72E

## INSECTICIDE FOR USE ONLY BY PROFESSIONAL APPLICATORS

**ACTIVE INGREDIENTS:**

Technical Chlordane 72.0%  
P-450 1.0%  
Inert Ingredients 27.0%

Equivalent to 432 Octachloro-4,7,8-trichloro-dibenzodioxin and 1,2,3,4-tetrachloro-5,6-dicyanobenzene related isomers.

**WARNING:** Keep out of reach of children. See left panel for antidote and additional warning statements.

### CHLORDANE 72E Subterranean Termite Control

**DILUTION DIRECTIONS:** Consult Directions on the label for preparation of a solution containing the required amount of Chlordane 72E for application. A diluted solution must be applied to the soil in the area to be treated.

#### Control In Existing Buildings

**Buildings Having Crawl Spaces**  
Apply a diluted solution of Chlordane 72E to the soil in the crawl space. Apply the solution to the soil in the crawl space. Apply the solution to the soil in the crawl space. Apply the solution to the soil in the crawl space.

#### Buildings Having Basements

Apply a diluted solution of Chlordane 72E to the soil in the basement. Apply the solution to the soil in the basement. Apply the solution to the soil in the basement. Apply the solution to the soil in the basement.

#### Slab-on-ground Construction

Apply a diluted solution of Chlordane 72E to the soil in the slab-on-ground construction. Apply the solution to the soil in the slab-on-ground construction. Apply the solution to the soil in the slab-on-ground construction. Apply the solution to the soil in the slab-on-ground construction.

#### Preconstruction Treatment

**Slab-on-ground Construction**  
Apply a diluted solution of Chlordane 72E to the soil in the slab-on-ground construction. Apply the solution to the soil in the slab-on-ground construction. Apply the solution to the soil in the slab-on-ground construction. Apply the solution to the soil in the slab-on-ground construction.

#### Buildings with Crawl Spaces

Apply a diluted solution of Chlordane 72E to the soil in the buildings with crawl spaces. Apply the solution to the soil in the buildings with crawl spaces. Apply the solution to the soil in the buildings with crawl spaces. Apply the solution to the soil in the buildings with crawl spaces.

#### Buildings With Basements

Apply a diluted solution of Chlordane 72E to the soil in the buildings with basements. Apply the solution to the soil in the buildings with basements. Apply the solution to the soil in the buildings with basements. Apply the solution to the soil in the buildings with basements.
