

DIRECTIONS

FLEAS, MOSQUITOES, WASPS, GNATS—Close doors and windows. Pointing nozzle upward, direct the aerosol spray to all parts of the room, especially windows, corners, light fixtures, furniture, baseboards, ceiling, floor, cracks, crevices, etc., for 30 seconds per 1000 cubic feet of space.

SCALES, ANTS, SPIDER MITES, SPIDER MANTLES—Aim the spray toward floors, cracks, crevices, furniture, and places of refuge. Hit as many insects as possible with the spray. Spray treatment is recommended repeated until the infestation is under control. Continue at intervals of one to two weeks to prevent reinfestation.

For initial cleaning of heavy infestations of German Roaches, apply 1 oz. per 100 sq. ft. of floor space the equivalent of 30 seconds spraying time per 1000 ft.³ of floor space.

Open all water tanks, concrete, etc. Apply the aerosol spray to all cracks, crevices, behind sinks, tubs, fixtures, etc., 1 oz. per 100 sq. ft. of floor space. If there is no water available, open the cylinder and spray directly into the stream. To prevent streaking, dilute the spray with water and operate. Apply the spray to all cracks, crevices, behind sinks, tubs, fixtures, etc., 1 oz. per 100 sq. ft. of floor space. Leave the treated area closed for 30 minutes to prevent reinfestation.

BARNETT BRAND

High Pressure AEROSOL INSECTICIDE

Containing
Pyrethrins and
DUAL SYNERGISTS

For Fleas, Mosquitoes, Gnats, Spiders, Cockroaches, Crickets, Beetles, Moths, and other visible stages of stored products.

ACTIVE INGREDIENT

Pyrethrins	0.5
Technical Piperonyl butoxide	1.0
Equivalent to 0.8% butylcarbitol, 0.6 propylpiperonyl ether and 0.2 other related compounds	
N-Octyl bicycloheptene dicarboximide	1.0
Aliphatic Hydrocarbons	12.5

INERT INGREDIENT

Propylene Glycol	85.0
Water	100.0

Keep out of reach of children

WARNING

This cylinder contains a liquid under pressure. Do not drop the container or expose it to temperatures higher than 135° F. Do not spray directly on food or utensils.

Place cylinder in a safe place when empty.

Do not throw in an incinerator.

Do not use in a room where live fish or aquarium life is kept. Leave the treated area. Keep the room closed for at least 15 minutes. Ventilate the room when treatment is completed.
