AUG 22 1985

Dear Ms. Lowry:

Subject: Amendments - Revised Labeling Deleting Pentachlorophenol
 Bromo Weed Killer
 EPA Registration No. 3837-24
 9000 Weed Killer
 EPA Registration No. 3837-28 ✓
 Your Submission Dated August 12, 1985

The amendments referred to above, submitted in connection with registration under FIFRA, are acceptable provided you:

1. Make the following labeling changes prior to releasing the products for shipment.
 - a. Replace "Warning" with "Caution" wherever it appears on either label. Only one signal word is permitted on product labeling.
 - b. Delete "Discard in a safe place" under Directions for Use.
 - c. Delete "other chlorophenols" from active ingredient statements on labeling for 3837-28. Adjust ingredient amounts to support formula statement and total 100 percent.
2. Provide one (1) copy of final printed labeling incorporating the above changes.

A stamped copy of each label is enclosed for your records.

Sincerely yours,

Richard F. Mountfort *RFM*
 Product Manager (23)
 Fungicide-Herbicide Branch
 Registration Division (TS-767)

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

GENERAL WEED CONTROL. This product can be used to control most weeds for an extended period of time on noncropland areas such as loading ramps, fence rows, railroad sidings, storage yards, parking lots, around buildings and industrial plant sites.

To control annual weeds and grasses such as foxtail, ryegrass, wildoats, crabgrass, cheatgrass, broomsedge, ragweeds, lambsquarter and turkey mullein, dilute one gallon of this product to 9 gallons of water and apply 5 gallons of the diluted spray, per 1,000 square feet.

For hard to kill perennial weeds and grasses such as Johnson grass, Salt grass, Bouncing Bet, Bracken fern, Horsetail, Smooth Broom, Canada Bluegrass, purpletop, quackgrass, broomsedge, aster dandelion, dog fennel, goldenrod, plantain and wildcarrot, dilute one gallon of this product to 9 gallons of water and apply 10 gallons of diluted spray per 1,000 square feet.

Do not apply liquid directly to, or otherwise permit it to come into contact with susceptible plants, such as vegetables, flowers, fruit trees, ornamentals, cotton, grapes, or other desirable plants and do not permit spray mists containing it to drift onto them. (Coarse sprays are less likely to drift.) Vapors from this product may injure susceptible plants in the immediate vicinity. Thoroughly clean spray equipment with a suitable chemical cleaner before using for other purposes (or do not use same spray equipment for other purposes). Do not store near fertilizers, seeds, insecticides, or fungicides. Do not reuse empty container. Wash thoroughly with water and detergent. Discard in a safe place.

Do not apply to areas underlaid by roots of desirable trees and shrubs.

Precautionary Statements

Hazards to Humans and Domestic Animals

WARNING

KEEP OUT OF REACH OF CHILDREN

CAUTION: Harmful if swallowed or absorbed through skin! Causes skin irritations! Do not breathe spray mist. Do not get in eyes, or skin, or on clothing. Wash thoroughly after handling. In case of eye contact, flush with large amounts of water for 15 minutes and get medical attention. Rinse contaminated clothing before reuse.

Do not use, pour, spill or store near heat or flame.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and wildlife. Other wildlife in treated areas may be killed if they apply directly to water. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal. Apply this product only as specified on label.
