

## CAUTION

Harmful if inhaled, swallowed or absorbed through the skin. Avoid breathing spray mist. Avoid contact with eyes, skin or clothing. Wash thoroughly. Avoid contamination of food or feed. If swallowed, get prompt medical attention. Atropine is antidotal.

Contact with skin causes toxic symptoms.

## NOTICE

KEEP FROM FREEZING. If this product is stored in cold or freezing weather, it may separate or thicken. This will not harm the performance. Before using, warm to room temperature and stir thoroughly.

## CAUTION

Do not reuse empty drum. Return to drum reconditioner or destroy by perforating or crushing and burying in a safe place away from water supplies.

This product is toxic to fish, birds, and other wildlife. Keep out of lakes, streams, or ponds. Do not apply where runoff is likely to occur.

Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

This product is highly toxic to bees exposed to direct treatment or residues on crops. Protective information may be obtained from your Cooperative Agricultural Extension Service.

# CHLORTROL

An oil soluble insecticide concentrate for killing mosquitoes, roaches and flies that have developed resistance to D.D.T.

## CAUTION

KEEP OUT OF REACH OF CHILDREN

See Side Panel for Required Caution

### ACTIVE INGREDIENTS:

Aromatic Petroleum Derivative Solvent  
Chlordane, Technical \*  
Malathion\*\*

\*Equivalent to 7.2% Octachloro-4, 7 Methanotetrahydroindane and  
4.8% related compounds.

\*\*O, O-Dimethyl Dithiophosphate of Diethyl mercaptosuccinate

### INERT INGREDIENTS:

EPA Reg No 5837-35

## DIRECTIONS FOR USE

**MUNICIPAL REDUCTION OF MOSQUITO & HOUSEFLY POPULATIONS:** Mix 1 gallon of Chlortrol with 14 gallons of suitable solvent such as kerosene or diesel fuel. With this mixture treat breeding areas such as city dumps, garbage heaps, sewage disposal areas, and alleys. Thoroughly wet all surfaces. Repeat when necessary.

**FOR COCKROACHES:** Mix 1 gallon Chlortrol with 4 gallons diesel fuel or kerosene. Apply as a coarse, wet spray to garbage dumps, manholes, building foundations and garbage storage racks.

**FOR FOGGING AND MIST MACHINES TO KILL MOSQUITOES, ROACHES AND FLIES:** Use 1 gallon of Chlortrol to 14 gallons of diesel fuel or kerosene. As a contact spray, fix the machine to produce a dry fog. For residual effect, fix the machine to produce a wet spray and wet the areas where insect control is desired.

## CAUTION

The carrier oil can burn vegetation. For these areas Chlortrol should not be used.

## CAUTION

**FLAMMABLE MIXTURE: Keep away from open flame and heat.**

Do not use in edible products areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.
