

This product is based on a highly active mixture of three Twin Chain Quaternary ammonium compounds. It is used on contaminated fabrics such as those in hospital and institutional laundry, laundry equipment's of medical houseskeeping units, laundry hospitals but in institutions, hotels, restaurants, and schools. Used as directed, this product has an effective residual bacteriostatic and sanitizing properties for laundered items such as linens, towels and institutional laundry and other laundry equipment. For residual bacteriostatic and sanitizing laundry conditions of high relative humidity or wet conditions are required. This product is designed for commercial and institutional laundry use by adding to the final wash after laundered laundry is treated by the Sanitizing Agent. For an extended solution concentration see Directions for Use. This product is extremely useful because it is concentrated, fast acting and the twin wands are

Precautionary Statements

Hazards to Humans and domestic animals

DANGER

Keep out of reach of children. Causes eye damage. Causes severe eye and skin damage. Do not get in eyes or on skin or in mouth. Wear protective clothing and rubber gloves when handling. Harmful if swallowed. Avoid contamination of food.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not allow spray drift or runoff to be discharged where it will pollute streams, ponds, lakes, waterways, etc.

PHYSICAL AND CHEMICAL HAZARD

Do not use or store near heat or open flame.

Net Volume:

BACTERIOSTATIC SANI-SOFT

Twin Chain Quaternary Ammonium Compound Concentrate	
Residual Bacteriostatic and Self Sanitizing Agent Under Humid or Wet Contamination Conditions	
Active Ingredients	
Octadecyl dimethyl ammonium bromide	25.0%
Decyl dimethyl ammonium chloride	12.5
Decyl trimethyl ammonium chloride	12.5
Insert Ingredients	
Water	50.0%
Total	100.0%
EPA Reg. No.	3837-49

KEEP OUT OF REACH OF CHILDREN

DANGER

Statement of Practical Treatment

If swallowed immediately flush eyes with water for at least 15 minutes. If eyes are irritated, Rinse and wash contaminated clothing before reuse. If swallowed, drink plenty of water and induce vomiting. If eyes are irritated, flush with plenty of water and wash contaminated clothing before reuse.

NOTE TO PHYSICIAN: For external use only. If accidentally swallowed, call your physician or a poison control center immediately.

See Side Panels for Additional Precautionary Statements

DIRECTIONS FOR USE

GENERAL CLASSIFICATION

This product is a low hazard product and is consistent with the following classification: Residual Bacteriostatic and self sanitizing properties.

For use as a bacteriostatic and self sanitizing agent against bacteria. Use 0.56 fluid oz. (3.5 teaspoons) per 100 lbs. of laundry dry weight.

For use as a self sanitizing agent against Escherichia coli, Shiga-like enterotoxin ATCC N 4652 and Staphylococcus aureus ATCC N 6538. Use 0.56 fluid oz. (3.5 teaspoons) per 100 lbs. of laundry dry weight.

For the removal of organic material from laundry, add two gallons of water to 100 lbs. of laundry in the final wash.

Reheat fabric after each wash.

ONLY FOR SALE TO USE AND STORAGE BY SERVICE PERSONS

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.
OPEN DUMPING IS PROHIBITED.

DO NOT RELEASE EMPTY CONTAINER.

PESTICIDE DISPOSAL

PESTICIDE THAT CANNOT BE USED OR CHEMICALLY REPROCESSSED SHOULD BE DISPOSED OF IN A LANDFILL APPROVED FOR PESTICIDE DISPOSAL OR RECYCLED IN A SAFE PLACE AWAY FROM WATER SUPPLIES.

CONTAINER DISPOSAL

DISPOSE IN AN INDUSTRIAL OR ROLLBACK APPROVED FOR PESTICIDE CONTAINERS OR RECYCLED IN A SAFE PLACE.

GENERAL

FEDERAL, STATE AND LOCAL LAW, REGULATIONS AND ORDERS PREVAIL OVER INFORMATION CONTAINED ON THIS BURN-IN.
