Subject: Trust Carpet Sanitizing Cleaner
EPA Registration No. 3838-48
Notification Per PR-Notice 95-2

Dear Mr. Wheeler:

This will acknowledge receipt of your notification for a minor formulation change in compliance with PR-Notice 95-2 submitted under the provisions of FIFRA section 3 (c) 9. Based on a review of the submitted material, the following comments apply.

The revised Confidential Statement of Formula dated 11/17/954 agrees with the updated label and both are acceptable.

Please note that the labels are being returned to be resubmitted under the amendment process.

The application is acceptable and the notification has been made a part of the records for this file.

Sincerely,

Marshall Swindell
Notification Coordinator
Antimicrobial Program Branch
Antimicrobial Division (7505W)

This carpet sanitizing concentrate should be an integral part of any carpet maintenance system. Routine application will not only clean the carpets, but sanitize and deodorize for a cleaner, longer lasting carpet. It is a low foaming carpet shampoo formulated for use with extraction and carpet steam cleaning equipment. It contains "twin chain" quaternary ammonium compounds to reduce the growth of odor causing bacteria.

It is fortified with odor counteractants to neutralize malodors. Optimized for use on washable synthetic fibers, but not recommended for use on wool carpets. It effectively and economically lifts and removes greasy soil, resists resoiling and utilizes "built-in" defoamers for more productive use. It leaves no residue to promote resoiling and eliminates soil redeposition to vacuum pickup tanks.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

TO CLEAN, SANITIZE AND DEODORIZE CARPETS.

Steam Extraction: Vacuum carpet thoroughly. Mix two (2) ounces of carpet sanitizing concentrate per gallon of water. Inject and extract as you would any other steam cleaning shampoo.

Extraction: Vacuum carpet thoroughly. Mix two (2) ounces of carpet sanitizing concentrate per gallon of water. Prespray onto the carpet at a rate of 1/3 - 1/2 gallon per 100 ft. and extract as you would other extraction cleaning shampoos.

Spin Bonnet (Bonnet Buff) Cleaning: Vacuum carpet thoroughly. Mix four (4) ounces of carpet sanitizing concentrate per gallon of water. Bonnet on carpet at rate of 200-300 sq. ft. per gallon.

Bonnet Cleaning: Vacuum carpet thoroughly. Mix four (4) ounces of carpet sanitizing concentrate per gallon of water. Spray on carpet at a rate of 200-300 sq. ft. per gallon.

Heavy Duty Spin Bonnet (Bonnet Buff) Cleaning: Vacuum carpet thoroughly. Mix sixteen (16) ounces of carpet sanitizing concentrate per gallon of water. Spray on carpet at rate of 200-300 sq. ft. per gallon.

NOTE: Test colorfastness of carpet before use. Apply diluted cleaner to a small concealed spot, then rub with clean white cloth. If color transfers to cloth or changes, a water base product should not be used.

NOTE: Not recommended for use on stain-resistant nylon carpets. Consult carpet manufacturer's warranty and maintenance instructions for proper use.

After cleaning, set carpet pile in one direction with a stiff brush (carpet pilator).

Place aluminum foil under legs of furniture while carpet is drying. Over-wetting can cause shrinking of carpet. Manufacturer assumes no responsibility for over-wetting or misuse.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER. KEEP OUT OF THE REACH OF CHILDREN.

CORROSIVE. Causes eye and skin damage. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

STATEMENT OF PRACTICAL TREATMENT: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of egg whites, gelatin solution; or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. **STORAGE:** Do not store on side. Avoid creasing or impacting of side walls. Store in a dry place no lower in temperature than 50°F or in higher than 120°F.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burning, stay out of smoke.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray or mixture of rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.
