# INSECTICIDE NO. 111

Used to control flies, mosquitoes, gnats, silverfish, crickets, spiders, scorpions, wasps, hornets, flying moths and ants in homes and buildings. Effective for rapid control of flies, gnats, mosquitoes, silverfish, crickets, spiders, scorpions, wasps, hornets, flying moths and ants found in homes, institutions and buildings.

Insecticide No. 111 kills on contact the exposed stages of flies, mosquitoes, gnats, silverfish, crickets, spiders, scorpions, wasps, hornets, flying moths and ants.

### CAUTION

Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. When using the product in these areas, apply only when plant is not in operation.

### CAUTION

DO NOT REMAIN IN TREATED AREAS AND VENTILATE THE AREA AFTER TREATMENT IS COMPLETED.

### DIRECTIONS

Use a good spray or atomized adjusted to deliver a fine mist. Treat infested areas thoroughly and repeat applications as needed. Whenever possible keep doors and windows closed for 10 minutes after spraying. In the control of flies, mosquitoes, gnats, flying moths, direct the spray toward the upper portions of the enclosure and fill the atmosphere with mist, using 2 or 3 ounces to each 1000 cubic feet of space. In the control of wasps, and hornets, direct the spray toward the upper portions of the enclosure and fill the atmosphere with mist, using 8 to 10 ounces to each 1000 cubic feet of space. Against silverfish, crickets, scorpions, spiders and ants, treat all areas where these insects are commonly found, and direct the liquid behind baseboards, mouldings, furniture, cabinets, sinks and pipes; toward drains and dark corners, in to cracks, crevices, recesses and similar places.

### CAUTION

DO NOT REUSE CONTAINER. DESTROY WHEN EMPTY.

NET CONTENTS Liquid Gals.
