A.B.C. Compounding Co., Inc.
 P.O. Box 16247
 Atlanta, GA 30321

SUBJECT: Label Amendment for Pine Oil Disinfectant
 EPA Registration Number 3862-10
 Application Dated January 21, 1997
 EPA Receipt Date January 27, 1997

ATTN: Michael Rekhelman
 Technical Director

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the following comments. A stamped copy is enclosed for your records.

1) Insert the statements, "Wash thoroughly with soap and water after handling", and "Remove contaminated clothing and wash clothing before reuse", prior to the existing "Harmful if swallowed" statement.

2) For our records, submit, properly filled out, the enclosed Certification with Respect to Citation of Data (EPA Form 8570-29) on which you have chosen the selective method of support.

Submit one (1) copy of the finished printed label before this product is released for shipment.

If you have any questions about the comments in this letter you should contact Laura Morris at (703) 308-6212.

Sincerely,

Robert Brennis
 Acting Product Manager (32)
 Antimicrobial Division (7510W)

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

STORAGE: If container is damaged, stop any leaks by repositioning the container or by patching or otherwise repairing the leaks. Take care to avoid contact with pesticide and wear protective gear. On cleanup of spilled liquids, wear protective equipment as required to prevent exposure. Clean up spilled areas with generous amounts of absorbent material, such as clay, diatomaceous earth, sand or sawdust. Sweep the contaminated absorbent on to a shovel and put the sweepings into a salvage drum. Dispose of the wastes as below. Place any leaking container into a similar drum or glass as below. Mark the container with name of product, ingredient statement, precautionary statements and signal word.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray or mixture of rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: METAL CONTAINERS: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. PLASTIC CONTAINERS: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

PRECAUTIONARY STATEMENTS

Hazards to humans and domestic animals.

DANGER

Corrosive, causes eye damage and skin irritation. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful if swallowed.

PHYSICAL AND CHEMICAL HAZARDS:

KEEP AWAY FROM HEAT, SPARKS AND OPEN FLAMES.

STATEMENT OF PRACTICAL TREATMENT

In case of contact immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes call a physician. Remove and wash all contaminated clothing before reuse. If swallowed drink large quantities of water then several glasses of milk. Call a physician.

ENVIRONMENTAL STATEMENTS

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Board or Regional Office of the EPA.

FOR INDUSTRIAL USE ONLY

Seller warrants that this product corresponds to all claims and descriptions on the label thereof and is reasonably fit for use for any purpose stated on such label only when used in accordance with directions under normal use conditions. Seller makes no warranties of merchantability or fitness for a particular purpose nor any other express or implied warranty except as stated above.

ACCEPTED
with COMMENTS
in EPA Letter Dated:

APR 17 1991

Under the Federal Insecticide,
Fungicide and Rodenticide Act as
amended by the pesticide
registered under EPA Reg. No.

3862-10

DIRECTIONS FOR USE

Federal law prohibits the use of this product in a manner inconsistent with its labeling.

A one step disinfectant cleaner and deodorizer formulated for commercial and light industrial cleaning. Use on walls, floors and inanimate surfaces. Effective against Salmonella choleraesuis and Salmonella typhi when diluted one part to 100 parts water.

For best results use 4 ounces of disinfectant per 3 gallons of water. Pour the disinfectant into a bucket then add water and apply with a mop, sponge, or cloth. A fresh solution should be prepared daily or when the use solution becomes visibly dirty.

For heavy soil, a pre-cleaning step is required. Thoroughly wet the heavy soiled area with undiluted disinfectant and allow to remain wet for 10 minutes.
