P.O. Box 585
Morrow, GA 30260

Gentlemen:

Subject: LEM-O-DIS 19-30
EPA Registration No. 3862-53
Your Submission Dated September 14, 1987

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable provided that you:

- Make the labeling changes listed below before you release the product for shipment bearing the amended labeling.
 - a. Delete the statement "Only for sale to, use, and storage by service persons" from the label.
 - b. The "Storage and Disposal" heading must be the same minimum type size as the center panel Keep Out Of Reach Of Children statement.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

John H. Lee
Product Manager (31)
Disinfectants Branch
Registration Division (TS-767C)

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

LEM-O-DIS 19-30 is a cleaner and disinfectant, designed for general household and light industrial cleaning. For use on walls, floors and any inanimate hard surfaces. When used as directed, LEM-O-DIS 19-30 will also deodorize those areas which generally are hard to keep fresh smelling, such as garbage pails, sink tops, and bathroom areas which are prone to odors caused by the growth of some micro-organisms. Effective against Staphylococcus aureus and Salmonella choleraesuis at 2 ounces per gallon. Also effective against pathogenic fungi, Trichophyton interdigitale, at this use dilution.

At 3 ounces per gallon, a hospital disinfecting claim against Pseudomonas aeruginosa can be made.

Use at 2 ounces per gallon. This product will provide 500 ppm quaternary to the use solution. This is enough for general disinfection, fungicidal activity against pathogenic fungi and deodorizing.

For best results, use LEM-O-DIS 19-30 with a cloth or mop and apply to walls, table tops, counters and garbage pails.

For use in hospitals, 3 ounces per gallon will be required for disinfection against Pseudomonas aeruginosa.

For heavy soil, a pre-cleaning step is required before using LEM-O-DIS 19-30. Thoroughly wet all surfaces. Treated surfaces must remain wet for 10 minutes. Fresh solution should be prepared daily or when the use solution becomes visibly dirty.
