PESTICIDES AND TOXIC SUBSTANCES MAY 2 9, 1991

RSB

Michael Rekhelman ABC Compounding Company, Inc. P.O. Drawer 585 Marrow, GA 30260

Dear Mr. Rekhelman:

Subject: Submission of final label Insect Death Mist EPA Reg. No. 3862-79 Submission: August 16, 1990

The labeling referred to above, submitted in connection with registration under the Federal Insticide, Fungicide and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

Upon further review of this label, we found two serious deficiencies. Please make the following changes at your next label printing:

- Remove petroleum distillates from the active ingredient statement and add that percentage to the inert ingredient total. Add a footnote to the ingredient statement, "contains petroleum distillates".
- 2) Change the environmental hazards statement "Do not apply to water" to the phrase " Do not apply to water, unless otherwise prescribed in the Directions for Use".

Sincerely,

Richard F. Mountfort Product Manager 10 Insecticide & Rodenticide Branch Registration Division (H7505C)
