OFFICE OF
PREVENTION, PESTICIDES AND
TOXIC SUBSTANCES

Ms. Kim Inman
ABC Compounding Co., Inc.
P.O. Box 16247
Atlanta, GA 30321-0247

Dear Ms. Inman

Subject: Super Weed Killer Concentrate
EPA Registration Number 3862-91
Final Printed Labels in response to July 9, 2003 letter
Application dated August 22, 2003

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act as amended is acceptable, provided you make the following changes before you release the product for shipment.

1. Remove the statement "No warranty, express or implied of merchantability, fitness, or otherwise is made" from under the ingredient statement.

Submit three (3) copies of final printed labeling incorporating the above changes before you release the product for shipment. Amended labeling will supercede all previously accepted ones. A stamped copy of labeling is enclosed for your records.

Sincerely,

A handwritten signature in black ink, appearing to read "James A. Tompkins".

James A. Tompkins, haj

**Precautionary Statements
Hazards to Humans and Domestic Animals**

WARNING

Causes substantial but temporary eye injury. Do not get in eyes. Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with eyes, skin or clothing. Avoid breathing vapor or spray mist. Wear safety glasses. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

FIRST AID:	
If in eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
If swallowed	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Do not give any liquid to the person. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If inhaled	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. • Call a poison control center or doctor for further treatment advice.
If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	
NOTE TO PHYSICIAN: Contains petroleum distillate - vomiting may cause aspiration pneumonia.	

Environmental Hazards Do not use on slopes or in areas where runoff is likely to occur (apply only to level surfaces). Do not contaminate water used for irrigation or domestic purposes. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash waters. Apply this product only as specified on this label. **Physical or Chemical Hazards** Do not use, pour, spill, or store near heat or open flame.

FOR INDUSTRIAL USE ONLY Seller warrants that this product corresponds to all claims and descriptions on the label thereof and is reasonably fit for use for any purpose stated on such label only when used in accordance with directions under normal use conditions. Seller makes no warranties of merchantability or fitness for a particular purpose nor any other express or implied warranty except as stated above.

GENERAL INFORMATION

For total weed control on certain areas around the business or workplace where no plant growth is desired, use as specified in label directions.
Controls bindweed, common mullein, and other hard-to-kill weeds.
Prevents plant growth for up to one year.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. For control of annual and susceptible perennial weeds such as downy bromegrass, oatgrass, goosegrass, quackgrass, puncturevine, goldenrod, and plattain. To cover 100 sq. ft., add 10 - 16 fl. oz. by use of a sprinkling can or other watering or spraying device in sufficient water to get good coverage of the area (e.g., 2 1/2 gals. in sprinkling can). For control of hard-to-kill perennial broadleaf and grass weeds such as bindweed and johnsongrass as well as the biennials common mullein and wild carrot, use 1 1/3 to 1.8 qts. in sufficient water to get good coverage. Different grades of mineral oil, diesel fuel, petroleum-based-oil, fuel oil, or kerosene may be substituted for water.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.
PESTICIDE STORAGE: Store at temperatures above 32 deg. F. Do not use or store near heat or open flame. Keep container closed when not in use.
PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. **CONTAINER DISPOSAL: METAL CONTAINERS:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. **PLASTIC CONTAINERS:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

When using a sprinkling can, triple rinse and pour rinsate on area treated once application is completed. Mix only the quantity needed and use immediately. To minimize lateral movement, sprinkle lightly with a watering can or similar sprinkler device immediately after application.

PRECAUTIONS: (1) Apply when air is calm to avoid the possibility of drift onto desirable plants or grass. (2) Keep away from the roots of desirable plants and trees. (3) Use only in areas where complete control of vegetation is desired. (4) THIS WEED KILLER CONCENTRATE SHOULD NOT BE USED ON CULTIVATED AREAS, ON GROUND THAT IS TO BE CULTIVATED, IN GREENHOUSES, OR NEAR THE DRIP LINE OF TREES OR SHRUBS. (5) Do not use on slopes or in areas where runoff is likely to occur (apply only to level surfaces). (6) Avoid using where adjacent desirable trees, shrubs, or plants may be injured from leaching of the chemical through the soil. (7) Keep children and animals off treated areas until these areas are dry.
