

NOV 07 1991

Michael Reckhelman
ABC Compounding
P.O. Box 16247
Atlanta, GA 30321-0247

Dear Mr. Reckhelman:

Subject: Revised CSF and Labeling
Insecticide 300
EPA Reg. No. 3862-103
Insecticide 150
EPA Reg. No. 3862-101
Submission: October 23, 1991

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below.

As new labels are printed for both products, implement the following changes:

1. Add the heading "Precautionary Statements" and include applicable information within the subheadings listed in 40 CFR 156.10 (h) (2).
2. Add an applicable "Statement of Practical Treatment"
3. Include the heading "Directions for Use" prior to the statement; "It is a violation of Federal Law to use this product in a manner inconsistent with its labeling."
4. Submit five copies of this updated labeling.

The Confidential Statements of Formula for the subject products have been accepted and placed in their respective files.

Sincerely,

RFM
Richard F. Mountfort
Product Manager 10
Insecticide/Rodenticide Branch
Registration Division (H7505C)

PS. For Insecticide 300, delete the claim - Pleasantly Scented

NOV 07 1991

Under the Federal Insect
Fungicide, and Rodenticide
Act as amended, for the pest
control products registered under EPA Reg
3862-103

VOLUME 20 FL. OZ.
NET WT. 18 OZ. (1 LB. 2 OZ.)
METRIC WT. 510 GRAMS

Apply this product only as specified on the label. Remove cap from top of can. Hold can upright, point opening in desired direction for spray. To release spray, press valve or push valve forward.
FLIES, MOSQUITOES, GNATS: Spray upwards into closed room, to fill the room with spray mist. About 6 oz. for average room. Leave windows and doors closed for about 15 minutes. Do not remain in closed treated area upon return. Sweep up and destroy insects.
FLYING MOTHS, WASPS, HORNETS: Spray 20 to 25 ft. in 1000 cu. ft. Spray liberally into cracks of woodwork, hiding and breeding places; directly on insects when Repeat if necessary.
ROACHES, ANTS, FLEAS, SILVERFISH: Spray liberally on woodwork, walls, floors, hiding and breeding places of insects when possible. Thoroughly spray sleeping quarters. Repeat if necessary. **BEDBUGS:** Spray bed frame, mattress tufts, seams and all cracks and hiding places in bedroom.
MOTH WORMS, CARPET BEETLES: Clean, air and beat rugs, carpets and fabrics. Spray thoroughly from underneath, especially seams, folds, under collars and lapels. Clean closets and drawers. Repeat approximately every 30 days.

PHYSICAL & CHEMICAL HAZARD
FLAMMABLE

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage and disposal.
STORAGE: Contents under pressure. Keep away from fire, sparks and heat. Exposure to temperatures above 120°F may cause bursting of can.
DISPOSAL: Replace cap and discard container in trash. Do not puncture. Wastes resulting from the use of this product may be disposed of at an approved disposal facility.

Remove bird cages and fish bowls from rooms being treated. Avoid staining hold spray 3 ft. from all objects. Avoid breathing mist. Avoid contact with skin and eyes.
Foods should be removed or covered during treatment. Foods and equipment in federally inspected meat and poultry processing plants should be washed with an effective cleaning compound for potable water rinse after spraying. When using the product in areas, apply only when the facility is not in operation. Do not spray on plastics or asphalt tile directly.
