Wasp & Hornet Spray

DI-ELEC

ACTIVE INGREDIENTS:

*Bendiocarb: (2,2-dimethyl-1,3-benzodioxol, 4-yl methylcarbamate) 0.10%
 **Piperonyl Butoxide, Technical 0.50%
 INERT INGREDIENTS 99.40%
 TOTAL: 100.00%

*Protected by U.S. Patent No. 3,738,338
 **Equivalent to min. 0.40% (butylcarbityl) (6-propyl-piperonyl) ether and 0.10% related compounds.

CONTAINS SYNERGIZED BENDIOCARB
 QUICK KILL!!

KILLS WASPS, HORNETS AND YELLOW
 JACKETS

DIELECTRIC BREAKDOWN Voltage: 26,600 volts
 May be used in or around electrical equipment

E.P.A. EST 9143-TX-1

WARNING:
 CONTENTS UNDER PRESSURE.
 KEEP OUT OF REACH OF CHILDREN.
 SEE OTHER PRECAUTIONS ON SACK PANEL.

NET WT. 17.5 oz. (495 GM.)

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS - WARNING
 May be harmful if swallowed or absorbed through the skin. Do not get in eyes. Avoid breathing spray mist. Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center immediately. Drink 1 or 2 glasses of water and induce vomiting by tickling back of throat with finger. Do not give anything by mouth to an unconscious person. **IF INHALED:** Remove affected person to fresh air. Apply artificial respiration if indicated. **IF IN EYES:** Flush with plenty of water. Contact a physician if irritation persists. **IF ON SKIN:** Remove contaminated clothing and wash affected areas of skin with soap and water. Contact a physician if irritation persists. Wash clothing with soap and water before re-use. **NOTE TO PHYSICIAN:** Bendiocarb is a cholinesterase inhibitor. Atropine sulfate 2 mg. should be given by injection and repeated as necessary until fully atropinized.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

PHYSICAL & CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting. Buyer assumes all risks of use, storage or handling of this product not in strict accordance with directions given herewith.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry place inaccessible to children and pets. Exposure to temperatures above 120°F may cause bursting. **DISPOSAL:** Replace cap, wrap container in several layers of newspaper and discard in trash. Do not incinerate or puncture.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Do not use as a space spray indoors. To be used in and around homes, garages, commercial buildings, kennels, barns, patios, institutions, warehouses, theaters, office buildings, schools, motels, hotels, transformers, electrical boxes and those areas where wasps, hornets, and yellow jacket nests are generally located. To operate, remove protective cap and depress button, being sure to aim spray opening at the location to be sprayed. Direct spray at wasps, hornets and yellow jackets whenever possible and under eaves, into nests, cracks, holes or crevices wherever insects are noticed. Spray for about 10 seconds or until surface is moist from insecticide. To prevent entrance of insects into the house, spray around points where outside plumbing, faucets, etc. enter the house and into any cracks and crevices in foundation as well as along sills and ledges. Kills wasps, hornets and yellow jackets. This spray is fast-acting when insects are hit directly. With the breeze at back, thoroughly spray the nest until it is soaked. Allow about 24 hours for those insects which were not directly hit by spray to leave the area. If insects should return to the treated area, spray again. This container delivers a stream-type spray, making it possible for the operator to stay back from the places sprayed. This formulation utilizes synergized Bendiocarb, a combination specifically effective on this class of insects. Application should be made in the evening when the hornets are at rest.
