SEP 27 1993
 Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 3862-126

WB RESIDUAL PRESSURIZED SPRAY

Kills Cockroaches, Ants, Spiders, Ticks, Fleas and more. Use in a... around Homes, Apartments, Garages, Motels, Hotels, Institutions and Food Processing Plants. Residual Insecticide. Lasts for Weeks. Use outdoors as an aid in reducing annoyance from Flies & Mosquitoes entering the home.

Active Ingredients:

Pyrethrin	0.052%
Piperonyl Butoxide, Technical	0.200%
Chlorpyrifos (0,0-dimethyl O-(3,5,6-trichloro-2-pyridyl))	0.500%
Inert Ingredients	99.188%
Total	100.000%

Equivalent to 0.208% (butylcarbitol)(8-propylpiperonyl) ether and 0.052% related compounds.

**US Patent No. 3,244,588

+Contains petroleum distillate

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center immediately. Drink one or two glasses of water and induce vomiting by touching the back of throat with finger. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person. **IF ON SKIN:** Remove or rinse contaminated clothing and wash affected areas with soap and water. **IF IN EYES:** Flush eyes with plenty of water. Call a physician if irritation persists. **IF INHALED:** Remove victim to fresh air. Apply artificial respiration if indicated.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS-CAUTION
 Irritant if swallowed. Keep out of reach of children. Avoid breathing spray mist. Avoid skin and eye contact. Wash thoroughly after handling and before eating or smoking. Do not allow children or pets to contact treated surfaces until spray has dried. Do not spray air in rooms or use on plants. Apply as a surface spray only. Do not allow spray to contact food, feedstuffs or water supplies. Do not use in food serving areas while facility is in operation or food is exposed. Thoroughly wash dishes and food handling utensils contaminated with this product. Remove pets and cover fish tanks before spraying.

EPA EST 914-TX-1 EPA REG. NO. 3862-126-13103

CAUTION:
KEEP OUT OF REACH OF CHILDREN

NET CONTENTS: 17 OZ. (482 GM.)

DIRECTIONS FOR USE - SHAKE WELL BEFORE USING

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. To operate hold can upright, direct orifice toward the surface to be treated and press the actuator button. Do not use as a space spray.

To kill ants, carpet beetles, centipedes, cockroaches, crickets, earwigs, fleas, flies, pillbugs, silverfish and spiders: thoroughly apply as a spot treatment to areas where these pests are found, or may hide, including dark corners of rooms and closets, cracks and crevices, under carpets, along baseboards and door sills and frames; behind and beneath sinks, stoves, refrigerators, and cabinets and around garbage cans, plumbing and other utility installations. Pests driven out of hiding places should be sprayed directly. Spray ant trails, nests and points of entry. To kill brown dog ticks and fleas: Apply thoroughly as a spot treatment to infested areas such as pet beds and resting quarters, and nearby cracks and crevices; along and behind baseboards, windows and door frames and localized areas of floor and floor covering where these pests may be present. Fresh bedding should be placed in animal quarters following treatment. Do not spray pets with this product. To control: Flies, gnats, houseflies, mosquitoes, small flying moths, weeps and yellow jackets: use only on outdoor surfaces. Spray outside surfaces of window and door frames and other areas where these pests may enter the home. Also spray dark corners and localized resting areas, such as under eaves, porches, patios and in garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment when effectiveness diminishes.

APPLICATION OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS OTHER THAN AS A SPOT AND/OR CRACK AND CREVICE TREATMENT IS NOT PERMITTED. Applications Within Food Handling Establishments (places other than private residences in which exposed foods held, processed, prepared or served) including, but not limited to, areas for receiving, storage, packing, packing, bottling, wrapping, boxing, preparing foods, edible waste storage and disposal processing systems (bins, tables, scales etc., syngas) and serving areas (when food is exposed and facility is in operation): Use as a crack and crevice treatment in and around both food and non-food areas to control ants, cockroaches, crickets, silverfish, spiders and waterbugs. Apply in small amounts directly into cracks and crevices, in joints between different elements of construction, between equipment and floor, openings leading to voids and hollow spaces in walls, equipment legs and bases. Do not use this product in cabinets, motor housings, junction or switch boxes because of possible shock hazard. If there is a need to treat such areas, use only oil-base sprays. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food and food processing surfaces. Application Within Food Servicing Areas (Facilities where foods are served, such as dining rooms, but excluding areas where foods may be prepared or held): Apply as a spot treatment to selective surfaces, such as baseboards, under elements of construction and into cracks and crevices. Avoid treating surfaces likely to be contacted by food. (Do not apply when facility is in operation or food are exposed).

STORAGE & DISPOSAL

Storage: Store in original container in a cool dry place inaccessible to children and pets. Do not transport or store below 32 deg. F. Deposit: Wrap container in several layers of newspaper and dispose of in trash. Do not puncture or incinerate.

ENVIRONMENTAL HAZARDS: This product is toxic to fish, birds and other wildlife. Do not apply directly to lakes, streams, or ponds. Do not contaminate water by disposal of wastes. Apply this product only as specified on this label. **PHYSICAL OR CHEMICAL HAZARD:** Contains under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130 deg. F may cause bursting. Use or exposure of this or any other, storage or handling of this material in strict accordance with directions given herewith.
