Michael Rekhelman
VP Technical Services
ABC Compounding Company, Inc.
P.O. Box 16247
Atlanta, GA 30321

Subject: Revised Labeling-Reregistration Requirement
Vita Pine
EPA Registration Number: 3862-136
Letter Dated: April 8, 2008
Receipt Date: April 8, 2008

Dear Mr. Rekhelman:

The Agency has completed its review of the 8th month response to the Ortho-Benzyl-P-Chlorophenol RED, and concluded that the data (acute toxicity, efficacy and product chemistry) is acceptable. However, since this product contains multiple active ingredients, the subject product is **not** eligible for reregistration at this time until favorable reregistration eligibility decision has been made for all active ingredients in this product.

Proposed Action:

Eight Month Response to the Ortho-Benzyl-P-Chlorophenol Reregistration Eligibility Decision Document (RED)

Other Comments:

Based on the Agency's letter dated July 17, 2003, labeling conditions have been satisfied. A stamped copy of the accepted labeling is enclosed for your records.

The Agency is moving away from review of paper submitted registration applications to electronic review of applications. Therefore, we need your help to make this an efficient and convenient process for both you and the Antimicrobials Division. Accordingly, we are asking you to submit future labeling amendments for this product via the electronic labeling process. Refer to the following website for guidance on electronic submissions, including label: http://www.epa.gov/oppfead1/eds/esr_guidance.htm#overallsub. If you have any questions concerning electronic label submissions, a list of contacts is available at the following website: <http://www.epa.gov/oppfead1/eds/edsgoals.htm#contacts>.

Should you have any questions concerning this letter, you may contact me by telephone at (703) 308-6422 or by e-mail at heyward.adam@epa.gov or Lisa McKelvin by telephone at (703) 308-7496 or by email at mckelvin.lisa@epa.gov during the hours of 8:00 am to 4:00 pm EST. When submitting information or data in response to this letter, a copy of this letter should accompany the submission to facilitate processing.

Sincerely,

Adam Heyward
Product Manager 34
Regulatory Management Branch II
Antimicrobials Division (7510P)

Enclosure: [Stamped labeling]

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING. RECOMMENDED FOR USE IN SCHOOLS, INSTITUTIONS AND INDUSTRY.

Remove all dirt and filth before using this product. NOTE: Keep tightly closed when not in use. When warm, disinfectant may become cloudy, but will clear up when cooled. This does not impair its efficiency.

FOR DISINFECTING AGAINST ODOR CAUSING BACTERIA IN TOILET AREAS, SHOWER STALLS, GARBAGE RECEPTACLES, and GARBAGE DISPOSALS: Pour 1 part disinfectant into a pan. Add 100 parts of water (4 ounces disinfectant to 12 quarts water). Stir the milky solution before using. Apply solution with a sponge cloth or by mopping. Wet all surfaces thoroughly and allow to stand for 10 minutes, then rinse. Prepare fresh solution after each use. **FOR DISINFECTING TOILET BOWLS:** Pour 4 ounces of the undiluted disinfectant into bowl water. Swab toilet bowl with the solution completely using a scrub brush or mop, making sure to get under the rim, and let stand for at least 10 minutes. Flush toilet and rinse mop several times. Prepare fresh solution after each use. **FOR SCRUBBING:** Use one 4-ounce cup of disinfectant to a 12 quart pail of water (add water to disinfectant). No rinsing required except on rubber or asphalt tile. Rinse for best shine on no-wax floors. When solution is prepared, prepare dry amount needed for job at hand. Discard at end of day or when visibly dirty.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING!

HIGHLY CORROSIVE. CAUSES IRREVERSIBLE EYE DAMAGE. CAUSES BURNS TO SKIN. IRRITATING TO NOSE AND THROAT. MAY BE FATAL IF SWALLOWED. WILL BURN WITH THE EVOLUTION OF CHLORINE AND EQUALLY TOXIC GASES. Do not get in eyes on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Avoid breathing dust or fumes. Wash thoroughly with soap and water after handling. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARD

DO NOT USE OR STORE NEAR HEAT OR OPEN FLAME

| NOTE TO PHYSICIAN *Probable mucosa damage may contraindicate the use of gastric lavage. Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment. | |

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Keep container closed when not in use.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Metal Containers: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. **Plastic Containers:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities by burning. If burned, stay out of smoke.
