WASHINGTON, D.C. 20460

September 9, 2025

Michael Rekhelman  
Vice President  
Quality, Regulatory, and Technical Services  
ABC Compounding Co., Inc.  
2600 Dogwood Drive  
Conyers, GA 30013

Subject: Label Amendment - Registration Review Mitigation for Prallethrin and  
Esfenvalerate  
Product Name: Blitz  
EPA Registration Number: 3862-196  
Case Number: 480682  
Application Dates: February 4, 2021

Dear Michael Rekhelman:

The Agency, in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Prallethrin and Esfenvalerate Interim Decisions, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling and must be used at your next label printing. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

If you have any questions about this letter, please contact Samantha Thomas by phone at 202-566-2368, or via email at [thomas.samantha@epa.gov](mailto:thomas.samantha@epa.gov).

Sincerely,

A handwritten signature in blue ink, reading "Cathryn Britton".

ENCLOSURE: Stamped label

# Blitz KILLS Fire Ants

- Ready-To-Use-Liquid • Rapid Knockdown • Kills Fleas and Ticks
- Effective Long Term Control of Adult Fleas and Brown Dog Ticks
- Kills Deer Ticks and other Ticks that may transmit Lyme disease
- Kills Fire Ants • Kills on Contact and Keeps Killing Cockroaches up to 4 months
- Kills Cockroaches, Black Carpenter Ants, and Centipedes • Kills Black Widow Spiders and Scorpions

#### ACTIVE INGREDIENTS:

(RS)-2-Methyl-4-oxo-3-(2-propynyl)cyclopent-2-enyl	
(1RS)-cis, trans-chrysanthemate .....	0.03%
Esfenvalerate .....	0.05%
<b>*OTHER INGREDIENTS</b> .....	<b>99.92%</b>
	<b>100.00%</b>

\*Contains petroleum distillate

**KEEP OUT OF REACH  
OF CHILDREN  
CAUTION**

#### Net Contents:

FIRST AID	
<b>IF ON SKIN OR CLOTHING</b>	<ul style="list-style-type: none"><li>• Take off contaminated clothing.</li><li>• Rinse skin immediately with plenty of water for 15-20 minutes.</li><li>• Call a poison control center or doctor for treatment advice.</li></ul>
<b>IF IN EYES:</b>	<ul style="list-style-type: none"><li>• Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li><li>• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li><li>• Call a poison control center or doctor for treatment advice.</li></ul>
<b>IF SWALLOWED:</b>	<ul style="list-style-type: none"><li>• Immediately call a poison control center or doctor.</li><li>• Do not induce vomiting unless told to do so by a poison control center or a doctor.</li><li>• Do not give <b>any</b> liquid to the person.</li><li>• Do not give anything by mouth to an unconscious person.</li></ul>
<b>NOTE TO PHYSICIAN</b>	
Contains petroleum distillate — vomiting may cause aspiration pneumonia.	
<b>NOTE TO PHYSICIAN:</b> Contains petroleum distillate-vomiting may cause aspiration pneumonia. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information regarding medical emergencies or pesticide incidents, call 1-888-740-8712.	

**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**  
**CAUTION**

Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Wear long-sleeved shirt and long pants, socks, and shoes. Remove and wash contaminated clothing before reuse.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish and other aquatic invertebrates. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

**PHYSICAL OR CHEMICAL HAZARDS**

**Combustible.** Do not use or store near heat or open flame. Do not apply this product in or on electrical equipment due to the possibility of shock hazard.

**Kills insects on contact and residually:** American Cockroaches, American Dog Ticks, Asian Cockroaches, Australian Cockroaches, Booklice, Brown Dog Ticks, Brown-banded Cockroaches, Caddisflies, Carpenter Ants, Carpet Beetles, Centipedes, Cheese Mites, Cigarette Beetles, Clothes Moths, Clover Mites, Cockroaches, Confused Flour Beetles, Crickets, Deer Ticks, Drugstore Beetles, Earwigs, Firebrats, Flat Grain Beetles, Fleas, Flies, Flour Beetles, Flying Moths, Foraging Ants (Fire ants), German Cockroaches, Gnats, Grain Mites, Grain Weevils, Gulf Coast Ticks, Lesser Grain Borers, Lone Star Ticks, Merchant Grain Beetles, Midges, Millipedes, Mosquitoes, Oriental Cockroaches, Other Ixodid species, Palmetto Bugs, Pillbugs, Red Flour Beetles, Rice Weevils, Sawtoothed Grain Beetles, Scorpions, Silverfish, Sowbugs, Spiders, Ticks, Warehouse Beetles, Waterbugs.

**For use in food and non-food areas of:** Apartments, Ant Hills, Atriums, Attics, Automobiles, Basements, Bathrooms, Bedrooms, Bookcases, Buses, Cabins, Cafeterias, Campers, Carpets, Cat Sleeping Quarters, Chests, Closed Barns, Closed Porches, Closets, Clothes Storage, Commercial Buildings, Condominiums, Crematoriums, Day Care Centers, Dens, Dog Houses, Dormitories, Draperies, Drive-Ins, Drugstores, Factories, Floors, Food Plants, Funeral Parlors, Furniture, Garages, Garbage Cans, Gazebos, Homes, Hospitals, Hotels, Household Contents, Indoor Eating Establishments, Industrial Plants, Institutions, Jails, Kennels, Kitchens, Lanais, Living Rooms, Locker Rooms, Mausoleums, Mobile Homes, Morgues, Mortuaries, Motels, Nursing Homes, Office Buildings, Other Public Buildings, Pantries, Pet Bedding, Pet Grooming Parlors, Pet Sleeping Areas, Pet Stores, Pet Carriers, Play Houses, Play Rooms, Porches, Prisons, Railroad Cars, Recreational Vehicles, Recreational Areas, Restaurants, Rooms, Rugs, Schools, Solariums, Storage Areas, Sun Porches, Sun Rooms, Supermarkets, Taverns, Theaters, Trailers, Trains, Trucks, Utility Rooms, Verandas, Veterinary Clinics and Hospitals, Warehouses, Washrooms, and Zoos.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For both indoor and outdoor use.

READ ALL DIRECTIONS COMPLETELY BEFORE USE.

Remove pets and birds and cover fish aquariums before spraying. Do not allow children or pets into the treated area until it is dry.

**USE RESTRICTIONS:** Do not apply this product in occupied patient rooms or in any rooms/areas while occupied by patients, the elderly, or infirm. Do not apply in classrooms when in use. Do not apply to institutions (including libraries, sports facilities, etc.) in the immediate area where occupants are present. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms but excluding areas where food may be prepared or held. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed. Non-food/feed areas where this product can be applied include areas such as garbage rooms, lavatories, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets, and storage (after canning or bottling).

Do not allow to enter indoor or outdoor drains. Follow proper disposal procedures on this label. *No permita la entrada a desagües internos o externos.*

*Siga las indicaciones del etiquetado para el desecho apropiado del producto.*

All outdoor spray applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses:

1. Applications to underside of eaves, soffits, doors, or windows permanently protected from rainfall by a covering, overhang, awning, or other structure; 2. Applications around potential exterior pest entry points into man-made structures such as doorways and windows, when limited to a band not to exceed one inch; 3. Applications to vertical surfaces (such as the side of a man-made structure) directly above impervious surfaces (e.g., driveways, sidewalks, etc.), up to 2 feet above ground level; 4. Applications to vertical surfaces directly above pervious surfaces, such as soil, lawn, turf, mulch or other vegetation) only if the pervious surface does not drain into ditches, storm drains, gutters, or surface waters. Spot treatments must not exceed two square feet in size (for example, 2 ft. by 1 ft. or 4 ft. by 0.5 ft.). Do not spray the product into fish pools, ponds, streams, or lakes. Do not apply directly to sewers or storm drains, or to any area like a drain or gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application. Do not apply directly to impervious horizontal surfaces such as sidewalks, driveways, and patios except as a spot or crack-and-crevice treatment. Do not apply or irrigate after application to the point of runoff. Do not make applications during rain. Avoid making applications when rainfall is expected before the product has sufficient time to dry (minimum 4 hours). Rainfall within 24 hours after application may cause unintended runoff of pesticide application.

Directions for use: (continued)

Treat surfaces to ensure thorough coverage but avoid runoff. To treat insects harbored in voids and cracks-and-crevices, applications must be made in such a manner to limit dripping and avoid runoff onto untreated structural surfaces and plants.

**General:** Use this spray as a spot or crack and crevice treatment to control Cockroaches, Fleas, Silverfish, Ticks, Waterbugs, and other insects listed below. Apply this product only as a coarse spray or crack and crevice treatment to localized areas where pests are found or may occur. Spray surfaces until wet but not to the point of runoff. Hold container upright. Do not spray in air. Turn tip to proper setting, broad (fine) spray for surfaces or pin stream for cracks and crevices. Hold approximately 12 inches from surface to be sprayed. Squeeze trigger to spray. Do not operate in OFF position. After use, turn tip to OFF to avoid accidental spraying. For best results, follow directions for specific use areas. Do not use this product in or on electrical equipment due to possibility of shock hazard. Do not use on animals. Avoid excessively wetting furniture and carpeting. Always test in an inconspicuous hidden area prior to use as some natural and synthetic fibers may be adversely affected by any liquid product.

**To kill Ants, Black Widow Spiders, Carpet Beetles, Cockroaches, Crickets, Scorpions, Silverfish, Sowbugs, and Spiders:**

**CRACK AND CREVICE SPRAY:** (Use a pin stream spray). Pay special attention to areas such as behind baseboards, connection areas around drains and pipes, behind and beneath sinks, stoves, and plumbing, and other visible cracks and crevices. Spray these areas thoroughly; making certain that spray penetrates well.

**CONTACT APPLICATION:** (A fine spray pattern should be used on all surfaces). Spray at the rate of 1 pint per 125 sq. ft. and contact as many insects as possible with this spray, in addition to thoroughly spraying of all parts of the room suspected of harboring these pests. Pay special attention to hiding places such as beneath sinks, behind and beneath stoves and refrigerators, around garbage cans and cabinets, along the outside of baseboards, door sills, frames and floors, around and on drains, pipes and plumbing, behind bookcases, storage, and other utility installation areas, contacting insects with spray when possible. Retreat 30 days after first application.

**EXPOSED STAGES OF** Flour Beetles, Cadelles, Rice Weevils, Flat Grain Beetles, Cigarette Beetles, Confused Flour Beetles, Drugstore Beetles, Lesser Grain Borers, Merchant Grain Beetles, Sawtoothed Grain Beetles, Grain Weevils, Warehouse Beetles, Red Flour Beetles, Grain Mites, and Cheese Mites: Find and dispose of infested packaged goods. Remove all other items from pantry, shelves, and drawers and clean thoroughly. Spray into cracks, crevices, and areas where these insects tend to congregate. Place clean paper on shelves and drawers and return packages after spray has dried.

**Carpet Beetles:** Directly spray as many insects as possible. Where possible, bottom of rugs and carpets should be sprayed thoroughly. Also treat shelves, closets, areas under furniture, on floors and walls, around windowsills and baseboards, and wherever these insects are seen or suspected. Backing of carpets and rugs should be allowed to dry before re-laying on floor.

**To kill Ticks and Fleas:** Thoroughly spray, as a spot treatment, infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames, and localized areas of floor and floor coverings where these pests may be present. Pet's old bedding should be removed and replaced with clean, fresh bedding after treatment. DO NOT SPRAY PETS WITH THIS PRODUCT. Pets should be treated with a registered flea and tick control product prior to reentering treated areas. Also, treat your yard with a product registered for yard application.

**Flies and Mosquitoes:** Use only outdoors as an aid in reducing annoyance from these insects. Spray outside surfaces of window and door frames, as well as other areas where these pests may enter the home. Also spray dark corners and localized resting areas (such as under eaves) or porches, patios, and garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed. Retreat every two weeks. Remove all exposed food or cooking utensils. Cover all food-handling surfaces or wash thoroughly after treatment and before use. Do not use on edible crops.

**Foraging Ants and Foraging Carpenter Ants:** To kill foraging Ants including Carpenter Ants directly spray insects and ant trails.

## STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

**PESTICIDE STORAGE:** Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food.

**PESTICIDE DISPOSAL AND CONTAINER HANDLING:** Non-refillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Do not pour or dispose down-the-drain or sewer.
