WARNING—TOXIC—HARMFUL OR FATAL IF SWALLOWED OR ABSORBED THROUGH THE SKIN. Causes eye burns and skin irritation. Avoid breathing vapor or dust. Use with adequate ventilation. Do not get into eyes, on skin or clothing. Wear rubber gloves, and goggles or face shield, when handling. Wash thoroughly after handling. In case of contact with skin, wash well with soap and water. In case of contact with eyes, flush promptly and thoroughly with clear water. In case of ingestion or contact with eyes, secure immediate medical attention. Remove and wash contaminated clothing before reuse.

This product is toxic to fish and wildlife. Treated effluent should not be discharged where it will drain into lakes, ponds, streams, or public waters. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply the product only as specified on this label. Do not reuse empty container. Send to drum reconditioner, or destroy by perforating or crushing and bury in a safe place.

DIRECTIONS FOR USE—Betz Slimicide C-32P aids in the control of objectionable slime growths formed by bacteria and fungi in industrial cooling-tower water equipment.

This product should be added directly to the cooling water at a rate of 0.2 to 1.5 pounds per thousand gallons of water contained in the system. The frequency of feeding and the duration of treatment are dependent upon the severity of slime deposits.

FOR INDUSTRIAL USE ONLY. Technical advice regarding specific site problems is available from BETZ.
