

BETZ

slimicide DE-364

SLIME CONTROL AGENT

WARNING

HARMFUL IF SWALLOWED OR ABSORBED THROUGH SKIN. May cause irritation of eyes and skin. Do not get into eyes, on skin or on clothing.

In case of contact with eyes, flush promptly and thoroughly with clear water for 15 minutes. In case of ingestion or contact with eyes, secure immediate medical attention.

Remove and wash contaminated clothing before reuse.

This product is toxic to fish and wildlife. Treated effluent should not be discharged where it will drain into lakes, ponds, streams, or public waters. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply the product only as specified on this label.

Do not reuse empty container. Send to drum reconditioner, or destroy by perforating or crushing and bury in a safe place.

CAUTION—COMBUSTIBLE

Keep away from heat and open flame. Keep container closed when not in use.

DIRECTIONS FOR USE

Betz Slimicide DE-364 aids in the control of objectionable slime growth formed by bacteria and fungi in industrial recirculating cooling water towers.

Begin treatment when the system is in jeopardy of becoming affected or after cleaning systems when efficiency is already impaired. Apply at a point in the system where the product will be uniformly mixed.

When the system is noticeably fouled, apply 0.83 to 1.5 pounds (13.6 to 24.6 fluid ounces) of this product per thousand gallons of water in the system. Repeat until control is achieved. When microbial control is evident, add 0.1 to 0.4 pounds (1.6 to 6.6 fluid ounces) per thousand gallons of water in the system every day, or as needed to maintain control. In the

event the system is badly fouled, precleaning is recommended.

FOR INDUSTRIAL USE ONLY. Technical advice regarding specific site problems is available from BETZ.

Contents: LIQUID

Active Ingredients:

o-Bromo o-Nitrostyrene 10.0%

Inert Ingredients*

90.0%

*Inert ingredients include solubilizing and dispersing agents.

EPA Reg. No. 3876-74

NET WEIGHT

As Marked on Container

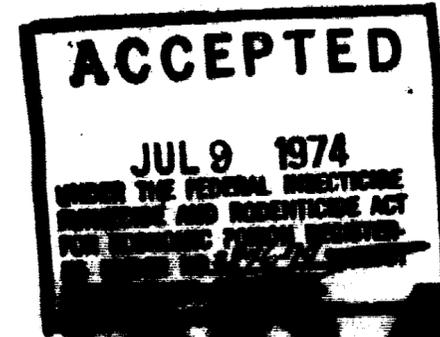

WEIGHT PER GALLON OF PRODUCT

7.8 Pounds (61F)

KEEP CONTAINER COVERED—PROTECT FROM FREEZING
