

BETZ®

Slime-trol® DP-508

SLIME CONTROL AGENT

DANGER — TOXIC

HARMFUL OR FATAL IF SWALLOWED OR ABSORBED THROUGH SKIN. Corrosive.

Causes severe eye and skin damage. Do not get into eyes, on skin or on clothing. Wear rubber gloves, and goggles or face shield, when handling.

In case of contact with skin, wash well with soap and water. In case of contact with eyes, flush promptly and thoroughly with clear water for 15 minutes. In case of ingestion or contact with eyes, secure immediate medical attention.

FIRST AID. If swallowed, induce vomiting by sticking finger down the throat, or by drinking soapy or strong salty water. Repeat until vomit is clear. Call a physician immediately. Never give anything to an unconscious person by mouth.

Remove and wash contaminated clothing before reuse. Do not use this product for the manufacture of paper or paperboard for use in packaging food.

Do not reuse empty container. Send to drum reconditioner, or destroy by perforating or crushing and bury in a safe place.

DIRECTIONS FOR USE

Betz Slime-Trol DP-508 aids in the control of bacterial, fungal and yeast slimes in pulp, paper and paperboard mills.

The product should be added at the rate of 0.15 to 0.5 pound (0.02 to 0.06 gallon) per ton of pulp or paper on a dry basis. Addition may be continuous or intermittent, depending upon the type of system and the severity of contamination. Apply at a point in the system that ensures uniform distribution of the product in the mass of fiber and water, such as the beaters, jordan inlet or discharge, broke chests, furnish chests, save-alls or white-water tanks.

FOR INDUSTRIAL USE ONLY. Technical advice regarding specific site problems is available from BETZ.

Active Ingredient:

2, 2-dibromo-3-nitrilopropionamide 20.0%

Inert Ingredients* 80.0%

*Inert ingredients include solubilizing and dispersing agents.
