# PARA CRYSTALS KILLS MOTHS

PREVENTS MILDEW

**Mildew Preventive Directions:**

Use only where storage containers are air-tight, storage closet doors should be kept tightly closed and sealed. Use at least one ounce to each three cubic feet of tightly enclosed storage space.

**Deodorant Directions:**

Use one pound for each average size storage closet.

**Caution:**

ALADDIN paradichlorobenzene should not be mixed or placed in contact with other moth preventive chemicals. Avoid prolonged breathing of vapor and spray. Avoid contact with eyes and skin. Rooms with treated furniture should be well ventilated before occupancy. May be harmful if swallowed. Keep out of reach of children.

CARSON CHEMICAL CORPORATION  
BROOKLYN, N. Y.

Net Weight 5 lbs.

**Moth Preventive Directions:**

Brush, clean, and air out thoroughly before storing only where storage containers are air-tight. Storage closets should be kept tightly closed and sealed. Use one pound of ALADDIN paradichlorobenzene to every 25 cubic feet of space.

For use in vacuum cleaners. Use 6 to 8 ounces per cubic foot, vaporized over a time up to one hour. The closet or storage containers remain closed for 24 to 48 hours following treatment.

Storage closets, storage trunks, or other containers should be kept closed at all times and for 7 days after addition of ALADDIN. If storage containers are opened occasionally reposition a portion of ALADDIN paradichlorobenzene, and reseal container.

# PARA CRYSTALS KILLS MOTHS

PREVENTS MILDEW

**Moth Preventive Directions:**

Brush, clean, and air all articles thoroughly before storing. Use only where storage containers are air-tight. Storage closet doors should be kept tightly closed and sealed. Use one pound of ALADDIN paradichlorobenzene to every 25 cubic feet of storage space.

**For use in vacuum cleaner:**

Use 6 to 8 ounces per 100 cubic feet, vaporized over a period of time up to one hour. The storage closet or storage container should remain closed for 24 to 48 hours following treatment.

Storage closets, storage chests, storage trunks, or other storage containers should be kept tightly closed at all times and for at least 7 days after addition of the chemical. If storage containers are opened occasionally replace used portion of ALADDIN paradichlorobenzene, and reseal storage container.
