MOTH BALL PACKETS

Don't forget, moths eat all natural fibers, so use MOTH-TEK for storing cottons and silks as well as woollens!

MOTH-TEK is also available in a convenient hanger form for large closets and storage areas.

"MOTH BALLS NEVER"

MOTH-TEK Moth Ball Packets were specifically designed for protection of moth balls without the harsh smell. One of the most effective mothproofing ingredients is used in the scent to create a hard-working moth ball. The moth balls are enclosed in breathable paper so they can work while protecting you and your clothes.

**DIRECTIONS**

It is a violation of Federal Law to use this product on fabrics. Clean all fabrics BEFORE storage. Place Moth-Tek Packets throughout the storage area. A small storage box (approximately 3' x 1' x 1') or chest (approximately 4' x 1 1/2' x 1 1/2') may place 2-3 packets in the pockets of each garment in an average storage closet (4' x 2' x 8') for suits and garments. Storage containers should be tightly sealed. MOTH-TEK Packets contain paradichlorobenzene and contact with other moth preventative chemicals on surfaces.

**STORAGE**

STORAGE: Store in original container in a cool, dry place.  
**DISPOSAL:** Do not reuse cellophane or paper and throw in trash.
