

DIRECTIONS FOR USE

For fly and mosquito control, dilute one gallon of Certified MTX with 14 gallons of Diesel fuel, kerosene or other suitable solvent and spray infested area. Thoroughly treat the areas where insects breed or alight such as city dumps, garbage disposal areas, marsh areas, stagnant water, manure piles and around exterior of dairy barns. Apply at the rate of 1 gallon of diluted MTX per 400 to 600 sq. ft. or to the point of run-off.

CAUTION: Harmful if inhaled, swallowed or absorbed through the skin. Avoid contact with skin, eyes, and clothing. Avoid inhalation of spray mist. Wash thoroughly after handling. If swallowed, get prompt medical attention. Atropine is antidotal. Store away from children or domestic animals.

INFLAMMABLE MIXTURE: Keep away from heat and open flame.

Do not use on animals. Avoid contamination of feed and foodstuffs. Do not use where milk is processed or stored. Do not use in human dwellings. Remove animals before treating.

Fish and Wildlife Cautions: This product is toxic to fish. Keep out of lakes, streams, or ponds. Keep out of tidal marshes and estuaries. Apply this product only as specified on this label.

CONCENTRATE INSECTICIDE

KILLS FLIES AND MOSQUITOES THAT ARE RESISTANT TO DDT

ACTIVE INGREDIENTS: 100%

| | |
|---|-----|
| Aromatic Petroleum Derivative Solvent | 85% |
| Malathion* | 15% |

*O,O-Dimethyl Dithiophosphate of Diethyl Mercaptosuccinate

Handwritten notes: 385, 6/12, and other illegible markings.
