POISON DANGER

KEEP AWAY FROM CHILDREN

WARNING: Poisonous Liquid and Vapor! Contact with liquid causes severe burns. Do not breathe vapor. Wear a full-face gas mask with black canister meeting specifications of the U.S. Bureau of Mines for organic vapors. Do not get into eyes, on skin, or on clothing. In case of contact, immediately remove all contaminated clothing including shoes. Wash skin thoroughly with soap and water and flush eyes with water for at least 15 minutes. Get medical attention immediately. Do not reuse shoes or clothing until free of all contamination.

Keep away from children. Keep Container Closed.

ANTIDOTE

Remove victim to fresh air immediately. Keep victim lying down and warm. Give artificial respiration if breathing has stopped. Do not resuscitate if dead.

CONTROLS: See EPA Registration Guidelines for information on labeling, packaging, and use. Do not use in enclosed spaces. Do not use in confined spaces. Do not use in areas where children or animals are present.

SAFETY PRACTICES

Caution must be exercised by the user to prevent spillage of the fumigant on skin, clothing or shoes. If such spillage should occur, especially on clothing or shoes, such clothing and shoes should be immediately removed. Wash clothing and shoes thoroughly before re-use. Repeated contact with the bare skin should be avoided and skin should be washed when wet with the fumigant. In case of contact with eyes, flush with plenty of water for at least 15 minutes. **DO NOT WEAR GLOVES.** Do not use in containers or application equipment with aluminum parts.

Do not use fumigated material as feed to livestock until ventilation has eliminated the odor of the fumigant.
