

# ANCO ALGAECIDE No.

FOR CONTROL OF SLIMES, FUNGI AND ALGAE IN COOLING TOWERS AND AIR

- REDUCES MANUAL CLEANING
- PREVENTS SLIMES, FUNGI AND ALGAE
- HELPS PREVENT CORROSION
- NON-CORROSIVE TO METALS

**WARNING:** Keep out of reach of children.  
See following for additional precautions.

**WARNING:** Causes skin irritation. Avoid contact with skin, eyes, or clothing. If contact occurs, immediately flush skin or eyes with water for 15 minutes. For eyes get medical attention. Do not use if contaminated with this solution. Do not contaminate or store near food.

**INSTRUCTIONS FOR USE:**  
Add one quart of ALGAECIDE No. 1 to 100 gallons of water for moderately fouled systems. Slug dose for heavily fouled systems. Slug dose at weekly intervals or as needed; for slimes, fungi and algae. Where large clumps of slimes may be desirable to install a screen in the water line.  
(See your service engineer for special instructions.)

**WARNING:** Causes skin irritation.

Avoid contact with skin, eyes, or clothing. In case of contact, immediately flush skin or eyes with plenty of water for at least 15 minutes. For eyes get medical attention. Do not wear clothing contaminated with this solution. Harmful if swallowed. Do not contaminate or store near feed or foodstuffs.

#### INSTRUCTIONS FOR USE:

Add one quart of ALGAECIDE No. 1 to the system for each 1,000 gallons of water for moderately fouled systems. Use two quarts for heavily fouled systems. Slug treatment is recommended, at weekly intervals or as needed; for the control of slimes, fungi, and algae. Where large clumps of growth are loosened, it may be desirable to install a screen in the sump to prevent clogging of small orifices.

(See your service engineer for special applications).

#### ACTIVE INGREDIENTS:
