

**BUG
PROOF**

Shelf Paper

Kills Roaches,
Ants, Silverfish

BUG-PROOF is superior! Gives twice the killing surface. Only BUG-PROOF is treated on both sides. This is vital, since insects often hide underneath papers.

EFFECTIVE INSECT
PROTECTION

Use BUG-PROOF Shelf and Lining Paper to line drawers and cabinets; use in storage areas and around garbage areas. Put under sinks and in broom closets and other secluded areas where insects may congregate. Use in basement areas and other damp areas.

CAUTION: Do not store food or food utensils on this paper. Do not store linens, toweling, clothing or any other material that may come in direct contact with the skin on this paper.
