Attention: Joyce E. Kenworthy
 Regulatory Affairs Specialist

Subject: MINT GERMICIDE #6
 EPA Registration No. 4000-31
 MOU Compliance Amendment dated December 23, 1994

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is not required for this product. This product is not for use on non-critical medical devices. However, the labeling changes listed below should be performed before you release the product for shipping bearing the amended label.

1. Under the Statement of Practical Treatment, revise the statement "Ingestion: Drink 2 glasses of water and induce vomiting" to read, "If swallowed, drink promptly a large quantity of water. Avoid alcohol. Do not induce vomiting. Call a physician immediately."
2. A minimum contact time of 10 minutes for disinfection must be added to the label.
3. Add a statement for removal of the product after the contact time.

A stamped copy of the labeling is enclosed for your records. Submit 5 copies of the final label prior to releasing the product for marketing.

If you have any question concerning this letter, please contact Wanda Mitchell at (703) 305-6141.

Sincerely yours,

WF

Walter C. Francis
 Acting Product Manager (31)

DIRECTIONS

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

FOR GENERAL CLEANING AND DISINFECTING: Use 1 cup of disinfectant to 3 gallons of water. Apply to floors, walls, woodwork, desks with a mop or soft brush. For greater efficiency, use on previously cleaned surfaces.

FOR TOILET ROOMS: Use 1 cup of disinfectant to 3 gallons of water to wash exterior surfaces of seats, bowls, urinals, bathtubs, floors and baseboards.

When used for interior surfaces of commodes and urinals, the residual bowl water must be expelled over the trap before applying the solution.

FOR CUSPIDORS: Use 1 cup of disinfectant in 1-1/2 gallons of water. Wash thoroughly. Leave some solution in each cuspidor to deodorize.

FOR SCHOOLS, FACTORIES, PUBLIC BUILDINGS: Use a solution of 1 cup of disinfectant to 3 gallons of water for mopping and spraying all rooms, hallways, stairs and lockers.

FOR GARBAGE CANS AND REFUSE PAILS: To disinfect, remove gross filth and heavy soil deposits before applying a solution of 1 cup disinfectant in 1-1/2 gallons of water.

FOR RUBBISH PILES AND OUTDOOR CLOSETS: Sprinkle or spray solution of 1 cup disinfectant in 1-1/2 gallons of water to deodorize any of these areas.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Causes skin and eye irritation. Avoid contamination of food. Avoid contact with eyes or skin.

STATEMENT OF PRACTICAL TREATMENT

FIRST AID PROCEDURES: Eyes—Flush with water for 15 minutes and call a physician. Skin—Wash thoroughly with soap and water. Ingestion—Drink 2 glasses of water and induce vomiting. Seek medical attention immediately.

PHYSICAL OR CHEMICAL HAZARDS

Do not use, pour, spill or store near heat or open flame. Do not expose to temperatures below 32°F (0°C.). Do not apply this product in conduits, motor housings, junctions, and switch boxes or other electrical equipment because of possible shock hazard. Do not use on surfaces that can be stained or harmed by water.

STORAGE AND DISPOSAL

STORAGE: Keep in original container. Do not put concentrate or dilute into food or drink containers. Do not contaminate feed, foodstuffs or drinking water. Do not store or transport near feed or food. Store at temperatures above 32°F.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent) then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
