DIRECTIONS FOR USE (continued)

DEODORIZING: Hold dispenser upright—point opening away from face, spray into air towards center of room for about 4 seconds.

MILDEW CONTROL: Clean surface. Spray surface until wet, allow to air dry without wiping. Repeat application every week to maintain control.

FOOD PREPARATION AREAS: Remove all food and food processing surfaces or protect by covering before treating area. All treated food contact surfaces must be scrubbed thoroughly with detergent and rinsed with potable water before reuse.

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

WARNING: FLAMMABLE.

KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Avoid breathing spray mist. Avoid contact with eyes and skin. Avoid contamination of food and feedstuff. Remove pets, birds and cover fish aquariums before spraying.

STATEMENT OF PRACTICAL TREATMENT FIRST AID PROCEDURES:

EYES: Flush with water 15 minutes. Seek medical attention. **SKIN:** Wash with soap and water. Seek medical treatment if irritation persists. **INGESTION:** Do not induce vomiting. Seek medical aid immediately.

PHYSICAL OR CHEMICAL HAZARDS

FLAMMABLE: Contents under pressure. Do not use near fire, sparks or flame. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting. Do not use on polished wood furniture or rayon fabrics.

STORAGE AND DISPOSAL

STORAGE: Do not store in direct sunlight. Do not store above 120°F. **CONTAINER DISPOSAL:** Do not reuse empty container. This container may be recycled in aerosol recycling centers. At present, there are only a few such centers in the country. Before offering for recycling, empty the can by using the product according to the label. **DO NOT PUNCTURE!** If recycling is not available, wrap the container and discard in the trash. **DO NOT INCINERATE OR PUNCTURE!**

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. This powerful hospital disinfectant and deodorant acts quickly and effectively to disinfect against many disease-causing organisms on such germ laden surfaces as: refuse cans, toilet seats, door knobs, metal beds, wheelchairs, and office equipment when used as an after spray following the proper cleaning of the surface. It reduces the hazard of cross contamination by bacteria via environmental surfaces. It is a nonselective, odor suppressant which chemically neutralizes odor producing materials. Effective on hospital, nursing home and other odors from many sources such as surgical dressings, post-colostomy and post-ileostomy dressings and bags, malignant diseases, bathrooms, kitchens, food processing plants, garbage cans and smoke damage. Destroys mildew on painted wood, metal, tile or other hard surfaces on contact.

Delete

Effective against the following organisms when used as a disinfectant on environmental surfaces: Staphylococcus aureus, Pseudomonas aeruginosa, Salmonella choleraesuis, Herpes simplex Type 2, Influenza A2 (Asian Flu), Human immunodeficiency virus Type 1 (HIV-1).

***KILLS HIV-1 ON PRECLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS** in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus, Type 1 (HIV-1) (associated with AIDS).

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV/O SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS: PERSONAL PROTECTION: Cleanup should always be done wearing protective latex gloves, gowns, masks, and eye protection. **CLEANING PROCEDURE:** Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of the disinfectant. **DISPOSAL OF INFECTIOUS MATERIALS:** Blood and other body fluids should be autoclaved and disposed of according to federal, state and local regulations for infectious waste disposal. **CONTACT TIME:** Surfaces must remain wet for 10 minutes.

DISINFECTING: Hold dispenser upright about 6" to 8" from surface to be disinfected and spray 3 seconds until surface is wet. Allow to remain 10 minutes before wiping.
